

THE IMPORTANCE OF YOUR DONATION

With the health and betterment of our community and beyond at stake, donations to the UIC College of Applied Health Sciences compel us even further to do our part and respond to a more profound, widespread need. Through gifts, donors call us to action: to elevate our students' education from the transactional to the experiential; create and expand programs that serve communities; and recruit the brightest scholars and researchers.

TRANSFORMING

health care practice and social systems through discovery and advocacy

PREPARING

students to effect change by creating access to excellence

EMPOWERING

individuals to live healthy and self-determined lives

THE IMPACT OF YOUR DONATION

Total amount donated in fiscal year 2019-20

\$588,179

Includes multiyear pledges and deferred gifts

285

Individual donors

76%

are alumni

\$168,538

in scholarships and travel awards provided to students

The time I spent in the UIC Physical Therapy program set the course of my life on an exciting and immensely rewarding trajectory. I contribute to AHS out of a sense of gratitude for everything I was given. By supporting UIC AHS and PT, I get to play a small part in launching other lives on a similarly amazing path.

Kathryn E. Roach '74 BS PT

Ever since I was a little girl I knew I wanted to go to college, but as a first generation student, the financial burden has always weighed heavy on my mind. As such, I am so grateful for the generous support of the scholarship donors who have helped me shoulder the burden and walk a little more lightly down the path to graduation.

Bethany Marshall, AHS Class of 2022
