

**Curriculum Vitae**  
**Susan Magasi, PhD**

---

**PERSONAL INFORMATION**

**Name:** Susan Rosalie Magasi, PhD, MS, BScOT, BSc  
**Telephone:** 773-551-4702  
**E-mail:** smagas1@uic.edu

**EDUCATION**

May 1992	University of New Brunswick	B.Sc.	General Science (with distinction)
May 1995	McGill University	B.Sc.OT	Occupational Therapy (with great distinction)
May 2002	University of Illinois Chicago	M.S.	Occupational Therapy
Dec. 2005	University of Illinois Chicago	Ph.D.	Disability Studies

**POSTDOCTORAL RESEARCH TRAINING**

2006-2007 Center for Rehabilitation Outcomes Research, the Rehabilitation Institute of Chicago, Chicago, IL  
Post-Doctoral Fellow and Research Associate Rehabilitation Outcomes Research  
2006-2007 Institute of Healthcare Studies, Northwestern University, Chicago, IL Visiting Post-Doctoral Fellow Health Services Research

**ACADEMIC APPOINTMENTS**

2022-present **Associate Head**, Department of Occupational Therapy College of Applied Health Sciences, University of Illinois Chicago, Chicago, IL  
2018-present **Associate Professor**, with tenure, Department of Occupational Therapy, College of Applied Health Sciences, University of Illinois Chicago, Chicago, IL  
2013-2018 **Assistant Professor**, Department of Occupational Therapy, College of Applied Health Sciences, University of Illinois Chicago, Chicago, IL  
2014-present **Adjunct Assistant Professor**, Department of Physical Medicine and Rehabilitation, Feinberg School of Medicine, Northwestern University, Chicago, IL  
2009-2012 **Assistant Professor**, Department of Medical Social Sciences, Feinberg School of Medicine, Northwestern University, Chicago, IL  
2008-2009 **Research Scientist**, Center for Outcomes, Research, and Education. Evanston Northwestern Healthcare's Research Institute, Evanston, IL  
2008-2009 **Research Assistant Professor**, Department of Physical Medicine and Rehabilitation, Feinberg School of Medicine, Northwestern University, Chicago, IL  
2006-2007 **Research Associate**, Center for Rehabilitation Outcome Research, Rehabilitation Institute of Chicago, Chicago, IL  
1999-2005 **Research Assistant and Project Coordinator**, Department of Occupational Therapy, University of Illinois Chicago, Chicago, IL

**STATEMENT OF RESEARCH CONTRIBUTIONS ON OCCUPATIONAL THERAPY PRACTICE AND EDUCATION**

I was one of the first occupational therapists to earn a PhD in the interdisciplinary field of disability studies. Disability Studies' origins in critical theory, human rights, social justice, and community collaboration have guided my research, service, and teaching ever since. Building upon my expertise in qualitative and participatory methods, I completed a post-doctoral fellowship in outcomes and health services research.

These experiences enabled me to take on key roles in several cross-NIH measurement initiatives, including the NIH Toolbox, NIH PROMIS, and National Children's Studies as an early career

scientist. I infused my occupational therapy and disability justice lens into my work on these projects to ensure that issues of physical, cognitive, and sensory accessibility were included in the development process and that the voice of the consumer remained central in spite of competing priorities and research agendas.

As my independence as a researcher grew, I pursued my research passion for understanding and dismantling barriers to health, healthcare, and social participation among people with disabilities, especially those living at the intersection of disability and other marginalized statuses. Specifically, I use community-based and participatory approaches to address the occupations of health management and community participation through the development of evidence-informed peer support and mHealth interventions. Thus, my research specifically targets priority areas identified in both the Occupational Therapy Practice Framework and the AOTF research priorities.

In the past 10 years as an OT educator, I have helped instill an appreciation of research methods, into the 10 cohorts of entry-level OT students I have taught. However, my major contribution to occupational therapy education is reflected in the strong group of early career faculty and scientists that I have had the privilege of mentoring. I have served as the primary advisory or committee member to post-professional OTD and PhD students as well as post-doctoral fellows, many of whom are now early career faculty at occupational therapy programs across the United States, Canada, and Australia. These emergent leaders continue to move the profession forward by interrogating and advancing the profession's commitment to disability equity and inclusion. I am proud of how my mentees are shaping the future of the profession at the local, state, and national level.

#### **AWARDS, HONORS, DISTINCTIONS**

- 2011 Selected Scholar, Health Equity Leadership Institute (uwheli.com), The University of Wisconsin-Madison School of Medicine and Public Health & The University of Maryland School of Public Health, Madison, WI.
- 2013 Nursing Research Award for Oral Abstract and Poster "Physical function and social interaction after mechanical circulatory support: Patient perspectives" by Grady K, **Magasi S**, McGee E, Buono S, Abraham T, Yancy C., Heart Failure Society of America
- 2014 Women's Health Research Day Award for Best Faculty Poster "Screen-ABLE: A Mixed Methods Study Examining Disparities in Breast and Cervical Cancer Screening among Women with Disabilities in Illinois" UIC Women's Health Research Day. April 30, 2014.
- 2015 Humanitarian Award, UIC College of Applied Health Sciences
- 2015 Elite Reviewer, *Archives of Physical Medicine and Rehabilitation*, Awarded to Top 1% of reviewers for the Archives of Physical Medicine and Rehabilitation (only 25/2017 reviewers earned this distinction).
- 2016 Best Paper Award, NARRTC, Hammel J, **Magasi S**, Heinemann AW, Gray DB, Stark S, Kisala P, Carlozzi N, Tulskey D, Garcia SF, Hahn EA. Environmental Barriers & Supports to Everyday Participation: A Qualitative Insider Perspective from People with Disabilities. *Archives of Physical Medicine and Rehabilitation*, 2015; 96: 569-77: 57-88. doi: 10.1061/j.apmr.2014.12.008
- 2016 Best Multidisciplinary Team Science Award, UIC's Women's Health Research Day. **Magasi S**, Cassady L, Cypin T, Ferlin A, Holod A, Kostecky K, O'Connor M, Rodriguez E, Terman A. Knowledge Translation Collaboratives to Promote Cancer Health Equity for Women with Disabilities. Poster presented at the 3<sup>rd</sup> Annual UIC Women's Health Research Day.
- 2016 Acting Up Award, Chicago Community Trust and Goodcity Foundation.
- 2017 UIC Researcher of the Year – Rising Star in Social Sciences

- 2019 Service Commendation, Occupational Therapy Research Advocate, American Occupational Therapy Association
- 2019-21 Service Commendation, American Congress of Rehabilitation Medicine
- 2020 Inaugural Most Cited Paper Award, Archives of Physical Medicine and Rehabilitation. Hammel J, **Magasi S**, Heinemann AW, Gray DB, Stark S, Kisala P, Carlozzi N, Tulsy D, Garcia SF, Hahn EA. Environmental Barriers & Supports to Everyday Participation: A Qualitative Insider Perspective from People with Disabilities. Archives of Physical Medicine and Rehabilitation, 2015; 96: 569-77: 57-88. doi: 10.1061/j.apmr.2014.12.008
- 2021 Identified as world expert in disabled persons by Expertscape  
[https://twitter.com/Daily\\_Experts/status/1466769249347813387?ref\\_src=twsrc%5Etfw](https://twitter.com/Daily_Experts/status/1466769249347813387?ref_src=twsrc%5Etfw)
- 2021-2022 Selected Participant, American Occupational Therapy Association's Academic Leadership Institute.
- 2022-2023 Selected Participant, Society for Behavioral Medicine's Midcareer Leadership Institute.
- 2022 Researcher of the Year, University of Illinois at Chicago, College of Applied Health Sciences, Chicago, IL

#### **OTHER RECOGNITIONS**

- 2016 Nominated by the American Occupational Therapy Association to the National Quality Forum's Person- and Family-Centered Care Standing Committee (not selected)
- 2020 Nominated by the American Occupational Therapy Association to the United States Preventive Services Task Force (not selected)
- 2020-present National Institute of Neurological Disease and Stroke/National Institute of Child Health and Human Development invited to serve in the Neurorehabilitation Common Data Elements Project, Social Participation Subgroup.
- 2020-present American Psychological Associate invited to participate in the Equity Flattens the Curve – Social Cohesion Working Group

#### **RESEARCH GRANT AND CONTRACTS – Active**

##### **3/2022-10/2022 Consultancy on the 2<sup>nd</sup> World Report on Disability.**

(International Disability Alliance, PI: R. Gould and S. Parker Harris)

Project aims: This international consultancy is aimed at laying the groundwork for the 2<sup>nd</sup> World Report on Disability via document analysis, qualitative stakeholder interviews, and rapid review of published literature. (Role: key personnel/co-investigator) (\$5,000/€40,000)

##### **9/2021-8/2026 mENTER: A remote mHealth enabled peer navigator intervention for people with disabilities transitioning to community living.**

(National Institute on Disability, Independent Living and Rehabilitation Research, 90RTCP0005-01-00, PI: S. Magasi on research study within center grant).

Project aims: This community-based participatory research study will develop, implement, and evaluate an mHealth-enabled peer navigator intervention for people with newly acquired physical disabilities transitioning to independent living. This study is part of a Rehabilitation Research Training Center Grant Community Participation for People with Disabilities. (\$1,048,010/\$4,375,000)

**10/2020-9/2023 WeCanManage: An mHealth self-management tool to empower survivors with known disabilities**

(National Cancer Institute, U54CA202995, U54CA202997, and U54CA203000, mPI: S. Magasi of full project within center grant)

Project aims: This community-based participatory research study will develop and implement a self-management app for cancer survivors with known disabilities. This study is part of the Chicago Cancer Health Equity Collaborative (ChicagoCHEC). (\$450,000/\$6,990,098)

**9/2019-9/2024 Young and A Survivor (YAAS!) (US Centers for Disease Control and Prevention, NU58DP006674), PI: T. Hamlish).**

Project Aims: To bring together cancer care providers, community-based organizations to strengthen the network of support for women diagnosed with breast cancer under age 45 and who face barriers to high quality cancer care. (Role: Co-investigator (2%) and member of the Policy, Systems and Environment Working Group) (\$2,998,032)

**RESEARCH GRANTS – Completed**

**10/2014-9/2021 Peer health navigation for Medicaid beneficiaries with physical disabilities: A community-based participatory research intervention development study**

(National Institute on Disability, Independent Living and Rehabilitation Research, 90RT5027, PI: S. Magasi)

Project Aims: This community-based participatory research study will develop, implement and evaluate the effectiveness and acceptability of a peer health navigator intervention Our Peers – Empowerment and Navigational Support for Medicaid enrollees with physical disabilities. This project is part of a Rehabilitation Research and Training Center Grant on Improving Health and Function among People with Physical Disabilities. ClinicalTrials.gov Identifier: NCT04784611 (\$726,931)

**4/2020-10/2020 Creating a Research Agenda for Cost-Effectiveness of Medical Diagnostic equipment (National Council on Disability, PI: S. Magasi)**

Project aims: This cooperative agreement is tasked with identifying the state-of-the-science in outcomes and cost-effectiveness measurement of the adoption of Standards for Medical Diagnostic Equipment across preventative, primary, and tertiary care and developing a research agenda to move the field forward. (\$29,987)

**9/2015-9/2020 WeCanConnect: Using mHealth to Connect Cancer Patients with Disabilities with Matched Disabled Cancer Survivors (National Cancer Institute, U54CA203000, PI: S. Magasi)**

Project aims: This community-based participatory research study will develop, implement, and evaluate an mHealth app to provide peer to peer support for people with pre-existing disabilities diagnosed with cancer and matched peers. This study is part of the Chicago Cancer Health Equity Collaborative. (\$220,000/\$8,740,158)

**10/2017-9/2018 I<sup>6</sup>LL L.E.A.D. on Healthcare (Patient Centered Outcomes Research Institute, PI: S. Magasi)**

Project aims: This community-based participatory project will: 1) develop the State-wide infrastructure for future research into peer support interventions to promote healthcare justice for people with disabilities, 2) build capacity in the next generation of disability community research partners, and 3) identify the disability communities' priorities for future research to promote healthcare justice for people with disabilities. (\$49,999)

- 4/2015-6/2017 **Negotiating the Healthcare System as a Person with a Disability: A Peer- OT Led Intervention** (American Occupational Therapy Foundation, PI: S. Magasi).  
Project aims: This community-based participatory research study will develop, implement and evaluate an OT-Peer led intervention to build Medicaid enrollees with physical disabilities' capacity to negotiate the Healthcare System. (\$50,000)
- 1/2013-6/2016 **Understanding and Enhancing Women with Disabilities' Use of Cancer Screening** (American Cancer Society, Illinois Division, #266888, PI: S. Magasi)  
Project Aims: This mixed methods study seeks to identify and explain some of the reasons for disparities in breast and cervical cancer screening between women with disabilities in Illinois and their non-disabled peers. (\$250,000)
- 9/2014-6/2015 **Development of knowledge translation collaboratives to promote healthcare justice for people with disabilities.** (Institute for Policy and Civic Engagement, PI: Magasi).  
Project Aims: To develop a model of knowledge translation collaboratives between people with disabilities and allied health professionals to promote the implementation and utilization of research findings to promote healthcare justice for people with disabilities. (\$17,000)
- 8/2013-9/2015 **National Children's Study Vanguard Study, Health Measurement Working Groups.** (National Institutes of Health, PI: R.C. Gershon).  
  
Project Aims: To develop standard set of performance-based and patient- reported measures of physical function for use in the national Children's Study and co-chair the Accessibility Working Group to ensure that selected measures are accessible to children and their families with disabilities. Role: co- investigator, scientific coordinator for motor function team and co-chair of Accessibility Work Group. (UIC sub-contract \$83,449)
- 10/2009 – 9/2016 **RRTC for Improving Measurement of Medical Rehabilitation Outcomes** (90RT5027, US Department of Education/NIDRR, PI: A. Heinemann). Project aims: This center of excellence on rehabilitation outcomes measurement will develop measures of cognitive function and environmental factors for use in clinical rehabilitation populations, including mapping to the International Classification of Functioning, Disability and Health. Role: Co-Investigator
- 10/2009 – 9/2016 **Enhancing the NIH Toolbox' Accessibility and Usability to Support the Inclusion of People with Disabilities in Health Research,** research project in RRTC on Rehabilitation Outcomes Measurement (H133B090024) –Project aims: This project will evaluate the accessibility and usability of the NIH Toolbox among adults with disabilities, develop protocols for reasonable accommodations of measures to people with disabilities. Role: Principal Investigator of research project within RRTC.
- 10/2009 – 9/2014 **PROMIS Statistical Center** (1U54AR057951-01, NIH Roadmap, PI: D. Cella).  
Project Aims: To provide methodological support to PROMIS (Patient Reported Outcomes Measurement Information System) network researchers and users. Role: Co-Investigator and Qualitative Methodological Expert.

- 7/2012 – 12/2014 **Mechanical Circulatory Support: Development of Quality of Life Instruments** (12GRNT12060594, American Heart Association, Midwest Affiliate, PI: K. Grady).  
Project Aims: This project will use apply to the qualitative item review process pioneered by the PROMIS initiative to develop an item bank for the measurement of health-related quality of life outcomes in people receiving mechanical circulatory support. Role: Co-Investigator and lead qualitative methodologist. (\$17,391)
- 6/2012-6/2014 **Patient Reported Outcomes for Children and Young Adults with Disabilities – Diversity Supplement** (U01AR057929, PI: A. Jette & D. Tulsy. PI of Diversity Supplement D. Fyffe) Project Aims: To investigate differential item functioning in the Spanish Version of the PROMIS Physical Function Item Bank. Role: Consultant
- 9/2011 - 12/2012 **People with Disabilities Speak Out on Healthcare Disparities** (Alliance for Research in Chicagoland Communities, PIs: S. Magasi and J. Panko Reis) Project Aims: This mixed methods community-based participatory research grant seeks to describe and understand the primary healthcare experiences of Medicaid beneficiaries with disabilities and establish local priorities for policy advocacy, research and intervention. Role: Principal Investigator. (\$30,000)
- 1/2011 – 9/2012 **Development of a Conceptual Model of Heart Failure Re-Admissions** (Division of Cardiology, Department of Medicine - Internal Funding Mechanism, PI: S. Farmer). This study seeks to understand social, medical and environmental causes of hospital re-admission among people with heart failure. Data will be elicited from multiple stakeholders - heart failure patients, their care partners, and clinical experts. Role: Co-Investigator, lead qualitative methodologist.
- 2/2008- 10/2012 **NIH Toolbox Assessment of Neurological and Behavioral Function** (HHS- N-260-2006-00007-C, National Institutes of Health Blueprint for Neurological Sciences, PI: R. Gershon) Project Aims: Multicenter Federal contract to develop a standard set of assessment for motor, cognitive, sensory function emotional health for use in longitudinal, epidemiological, and clinical research. Role: Co- Investigator, Motor Domain Manager, Accessibility Working Group: Co-Chair
- 7/2011-12/2012 **Pediatric Measurement Center of Excellence (PMCoE)** (U18-HS-20498-01, AHRQ, PI: Sachdeva) The goal of this project is to improve children’s healthcare quality measures that make a difference by both informing policy decisions and actual clinical performance using proven methodologies. Role: Co-Investigator
- 7/2011 - 12/2012 **Elicitation of the Importance and Relevance of Key Symptoms in Non- Small Cell Lung Cancer Patients Undergoing 1st Line Treatment, to Support the Content Validity of an Identified Symptom Domain from Lung Cancer Questionnaires** (Industry Sponsored Research Contract from Daiichi Sankyo, PI: S. Magasi) Project Aim: To evaluate pulmonary symptoms, treatment effects, and distal impacts of non-small cell lung. Role: Principal Investigator
- 1/2011 – 12/2012 **Evaluation of the Content Validity of the FACT-L Pulmonary Symptom Index in Non-Squamous and Squamous Non-Small Cell Lung Cancer Patients** (Industry Sponsored Research Contract from Daiichi Sankyo, Inc. PI: S. Magasi) Project Aims: To evaluate the content relevance of the 4-item Pulmonary Symptom Index among people undergoing second and third-line treatment for advanced non-small cell lung cancer. Role: Principal Investigator

- 1/2006-1/2011 **RRTC for Health and Function Outcomes for Individuals with Disabilities** (RRTC H133B040032, US Department of Education/NIDRR, PI: A. Heinemann) Project aims: (1) equate the functional status instruments used in post-acute care resulting in a simple-to-use cross walk between instruments; (2) develop an innovative new instrument of community participation based on the ICF and reflects stakeholder perspectives; and (3) obtain stakeholder input on information and reporting formats for rehabilitation quality information. Role: Co-Investigator
- 5/2008-9/2010 **Perceived Cognitive Function Item Bank for Children who Undergo Cancer Treatment** (1R01CA125671-01A1, National Cancer Institute, PI: JS Lai) Role: Co-Investigator
- 2010 **Summit on Mammography Positioning for Women with Disability** (Ticket for the Cure Fund, administered by the Illinois department of Public Health, Office of Women's Health. PI: J. Panko Reis) Role: Consultant
- 2009 **Evaluation of an English interactive voice response system for people with Irritable Bowel Syndrome.** Industry Sponsored Research Contract by Forrest Laboratories, Inc. and Ironwood Pharmaceuticals, Inc. PI: D. Cella. Role: Co-Investigator
- 2006-2010 **Multiple Rehabilitation Stakeholders Perspective on Peer Mentoring in In-Patient Rehabilitation.** (Model Systems Network in Spinal Cord Injury Rehabilitation and Research, H133N060014 Department of Education/NIDRR, PI: D. Chen). Role: Principal investigator on evaluation study within center grant
- 2008 **Clinical Experts Conceptualization of Quality of Life in Spinal Cord Injury** (Industry Sponsored Research Contract from Novartis Pharmaceuticals, PI: D. Cella). Role: Co-Investigator
- 2007-2008 **Social Action Group for People with Traumatic Brain Injury.** (Rehabilitation Research and Training Center on Community Integration after Traumatic Brain Injury, PI: S. Kothari) Role: Consultant

Defense Date: October 2021

Current Position: Post-Doctoral Research Fellow, LEND Program, University of Illinois Chicago, Chicago, IL

Nicole Sims, PhD

Title: Sharing the Responsibility of Access: Disability Services Practice in Higher Education

Defense Date: November 2021

Kimberley The. PhD, OTR/L

Title: Building Intersectional Disability Activist Coalitions: A CBPR Analytic Autoethnography

Defense Date: January 2022

January 13, 2023

---

Current Position: Post-Doctoral Fellow in Disability Policy Brandeis University, Waltham, MA

**Primary Advisor**  
**Disability Studies**

Washieka Torres

Status: Proposal Defense May 2022

Emilie Lacy, MEd

Status: Began Program Fall 2020

Cassandra Winters, OTR/L Status:

Began Program Fall 2021

Audrey Philips, OTR/L

Status: Began Program Fall 2021

**Rehabilitation Sciences**

Aileen Eviota, PT, DPT, NCS

Status: Began Program Fall 2021

**Committee Member**

**Current**

Amy McArthur, OTR/L

Title: Exploring Breast Cancer as Disability: An Interpretative Phenomenological Analysis

Status: Proposal Defended August 2021, Data collection in progress

Daniel Cochrane

Status: Began program August 2020

Leah Bernard

Status: Began program August 2021

**Completed**

Alisa Sheth, PhD, OTR/L

Title: Environmental Influences on Older Adults with Intellectual Disability and Dementia

Defense Date: May 2019

Current Position: Assistant Professor, Department of Occupational Therapy, Pacific University, OR

Kristin Salkas, PhD

Title: Public Transportation Access and Community Participation for Latinxs with Disabilities

Defense Date: March 2019

Manako Yabe, PhD

Title: Healthcare Providers' and Deaf Patients' Perspectives on Video Remote Interpreting: A Mixed Methods Study

Defense Date: January 2019

Current Position: Junior Assistant professor, University of Tsukuba, Tsukuba, Ibaraki, Japan.

Heather Walker, PhD,

Title: Politicizing the Condition of Diabetes Online: Counter-Narrative And The Pursuit Of Normalcy

Defense Date: September 2018

Current Position: Social Scientist, University of Utah Health

Lisa Mahaffey, PhD, OTR/L

Title: Fostering Self-Determination as a Means to Recovery

Defense Date: 2018

Current Position: Professor, Department of Occupational Therapy, Midwestern University, Downers Grove, IL

Aster Harrison, OTR/L, OTD

Title: Understandings and Experiences of Chronic Pain among Bisexual Women: An Interpretive Phenomenological Analysis

Defense Date: Spring 2022

Current Position: Assistant Professor, Department of Occupational Therapy, Thomas Jefferson University, Philadelphia, PA.

Jacqueline Kish, OTR/L

Title: Fixed-route Public Transportation Access for People with Disabilities

Defense Date: Fall 2022.

Current Position: Research Specialist, Department of Occupational Therapy, University of Illinois Chicago, Chicago, IL

### **PhD Students**

#### **External Reviewer (University of Ottawa, Canada)**

Katrine Sauvé-Schenk

Title: The Influence of a Low-Income and Linguistic Minority Context on Post-Stroke Participation

Defense Date: 2017

Current Position: Assistant Professor, Department of Occupational Therapy, University of Ottawa, Ottawa, Canada

### **RESEARCH MENTORING**
