

# KHARMA C. FOUCHER, MD, PhD

---

University of Illinois at Chicago  
Department of Kinesiology and Nutrition  
1919 West Taylor Street, 650 AHSB  
Chicago, Illinois 60612  
Email: kfouch1@uic.edu

---

## EDUCATION

- 2008            **MD** University of Illinois at Chicago
- 2006            **PhD** Department of Bioengineering, University of Illinois at Chicago  
Dissertation: “Hip Joint Loading in Subjects with Total Hip Replacements”  
Advisor: Debra E. Hurwitz, PhD, Rush University Medical Center Motion Analysis  
Laboratory
- 1996            **SB** Engineering Sciences (Biomedical), Harvard University  
Independent Honors Thesis: “A Breast Self-Examination Training System”  
Advisor: Robert Howe, PhD, Harvard Biorobotics Laboratory

## EXPERIENCE

### FACULTY APPOINTMENTS

- 2020-Present        **Associate Professor**, Department of Kinesiology and Nutrition  
*Director*, Biomechanics and Clinical Outcomes Laboratory  
University of Illinois at Chicago
- 2020-Present        **Adjunct Associate Professor**, Department of Bioengineering  
University of Illinois at Chicago
- 2013-2020            **Assistant Professor**, Department of Kinesiology and Nutrition  
*Director*, Biomechanics and Clinical Outcomes Laboratory  
University of Illinois at Chicago
- 2011-2020            **Adjunct Assistant Professor**, Department of Bioengineering  
University of Illinois at Chicago
- 2009-2013            **Assistant Professor**, Department of Orthopedic Surgery  
Rush University Medical Center, Chicago, Illinois
- 2005-2009            **Instructor**, Department of Orthopedic Surgery  
Rush University Medical Center, Chicago, Illinois

### OTHER POSITIONS

- 2020-Present        **Associate Director for Education and Professional Development**, Center for Clinical  
and Translational Science, University of Illinois at Chicago

- 2010-2013                    **Co-director**, Joan and Paul Rubschlager Motion Analysis Laboratory, Department of Orthopedic Surgery, Rush University Medical Center
- 2005-2009                    **Laboratory Manager**, Motion Analysis Laboratory, Department of Orthopedic Surgery, Rush University Medical Center

## **TEACHING and MENTORING**

### Courses Taught at University of Illinois at Chicago:

Mechanics of Human Locomotion (offered at undergrad/grad levels as KN 394, 494, and/or 594)

- Upper level course in gait mechanics
- Spring 2015; Fall 2017; Spring 2019; Fall 2020; Spring 2021; Fall 2021

Tissue Mechanics (KN 362)

- Junior/senior level course in mechanics of musculoskeletal tissues
- Required for all Kinesiology undergraduates incoming as of 2021
- Fall 2020; Spring 2022

Biomechanics of the Neuromusculoskeletal Systems (KN 465)

- Upper level course in tissue mechanics
- Required for Movement Science concentration until 2022
- Fall 2015-Fall 2020

Current Research in Kinesiology (KN 501)

- Biomechanics structured journal club
- Fall 2016

Independent Research in Kinesiology (KN 596; KN 396)

- Supervised independent biomechanics projects for undergraduates or graduate students
- e.g. Temporomandibular Joint Rehabilitation; Biomechanics of Tai Chi Stepping
- Spring 2014; Spring 2016-Fall 2016

Guest lectures

- BME 562 Biomedical Implants in Orthopedics and Dentistry (Fall 2021)
- BME 494 Human Movement and Neural Control (Fall 2021)
- KN 594 Grant Writing for PhD students (Spring 2017; Spring 2018; Spring 2020)
- KN 100 First-Year Seminar (Fall 2017, Fall 2019-Spring 2021)
- HN 594 Cells to Community (Fall semesters 2015-2020)
- KN/PT 574 Instrumentation for Motor Control Research (Fall 2015)

Courses Taught at Rush University

Kinematics of Human Motion (BMC 513)

- Developed and taught graduate-level course in lower extremity gait kinematics
- Required course for MS in Biomechanics
- Spring 2013

M1 Research Elective

- Mentored individual research projects
- Led one section of journal club
- Fall 2011-Spring 2013

Other Mentoring:

- 2010-2013                      Founder, Facilitator, Writing Accountability Groups  
Rush University Research Mentoring Program  
*Established weekly peer-mentoring writing groups for junior faculty. Served as peer-facilitator for 6 10-weeks sessions over 3 years.*
- 2009-2011                      Member Mentoring Committee NIH NIAMS F32 AR057297 PI Hannah J. Lundberg, PhD,  
Title: Calculation of Total Joint Replacement Contact Forces During Level Walking.

Postdoctoral Fellow Mentoring:

- 2014-2017                      Jessica A. Longworth, PhD, University of Illinois at Chicago  
Department of Kinesiology and Nutrition

Graduate student advising:

- 2020-Present                      Janis Kim, PT, PhD Candidate, University of Illinois at Chicago  
Department of Kinesiology and Nutrition
- 2019-2020                      Bradley Allison, DPT, PhD Student, University of Illinois at Chicago  
Department of Kinesiology and Nutrition
- 2018-Present                      Vered Arbel, MS, PhD Student, University of Illinois at Chicago  
Department of Kinesiology and Nutrition
- 2016-2021                      Burcu Aydemir, MS. PhD Candidate, University of Illinois at Chicago  
Department of Kinesiology and Nutrition  
Thesis: Combined effects of physical and psychological factors on physical activity in adults with osteoarthritis
- 2016-2021                      Chun-Hao Huang, MS. PhD, University of Illinois at Chicago  
Department of Kinesiology and Nutrition  
Thesis: The Influence of Hip Osteoarthritis Associated Gait Impairments on The Efficiency of Gait and A Possible Rehabilitation Strategy
- 2015-2017                      Christopher C. Cinnamon, JD, MS. University of Illinois at Chicago  
Department of Kinesiology and Nutrition

Thesis: Static and Dynamic Abductor Function Are Both Associated With Physical Function  
1 to 5 years after Total Hip Arthroplasty

2012-2017

Samir Chabra, MS. University of Illinois at Chicago  
Department of Bioengineering

2009-2011

Bryan R. Schlink, MS. University of Illinois at Chicago  
Department of Bioengineering  
Thesis: Gait Biomechanics and Disease Severity in Hip Osteoarthritis

Other Graduate Student Exam Committees:

2020

Alexandra Nilius, MS  
University of Illinois at Chicago, Department of Kinesiology and Nutrition  
“Guidelines for quantifying strength in people with lower limb amputation”

2019

Aaron Westbrook, MS  
University of Illinois at Chicago, Department of Kinesiology and Nutrition  
“Step width does not scale to body size of young adults during treadmill gait”

2019

David Desmet, MS  
University of Illinois at Chicago, Department of Kinesiology and Nutrition  
“Treadmill-belt width, but not feedback from the lower visual field, influences noise characteristics of step width time series during treadmill walking”

2018-2019

Janis Kim, PT, PhD Candidate  
University of Illinois at Chicago, Department of Kinesiology and Nutrition

2017

Kevin Palumbo, MS  
University of Illinois at Chicago, Department of Kinesiology and Nutrition  
“Walking for 10 minutes with a decreased step width decreases subsequent step width and margin of stability”

2015-2018

Steven Mell, PhD  
University of Illinois at Chicago, Department of Bioengineering  
“Computational, Subject Specific Damage Modeling of the Polyethylene Component of Total Knee Replacements”

2015-2016

Kristin Hoddy, PhD  
University of Illinois at Chicago, Department of Kinesiology and Nutrition  
“Meal timing during alternate day fasting: Effect on heart disease risk and hunger in obese humans”

2014-2018

Christopher Knowlton, PhD  
University of Illinois at Chicago, Department of Bioengineering  
“A Model of Wear from Retrieved Polyethylene Components of Total Knee Replacements”

5/2014

Andrew Arnold, MS  
University of Illinois at Chicago, Department of Kinesiology and Nutrition  
“Influence of walking speed and slope on the relationship between trunk kinematics and step width”

2/2014

Christopher Ferrigno, MPT, PhD

Rush University, Department of Anatomy and Cell Biology  
“Evaluating the Association between Changes in Foot Kinematics, Center of Foot Pressure, and Knee Joint Loading”

3/2014 Mackenzie Pater, PhD  
University of Illinois at Chicago, Department of Kinesiology and Nutrition;  
“Associating Knee Osteoarthritis with Fall Risk: Implications for Interventions”

Medical Student Research Mentoring:

Summer 2012 Omar Behery, Rush Medical College (Deans Fellowship Recipient)  
2011-2012 Genna Waldman, Rush Medical College  
Summer 2011 Andreea Mihai, Rush Medical College (Dean’s Fellowship Recipient)  
Melanie Marsh, Rush Medical College (co-mentor with Laura Thorp, PT, PhD)  
Summer 2009 Matthew R. Walker, University of Illinois at Chicago, College of Medicine  
Summer 2008 George Kannakeril, Rush Medical College

Undergraduate Student Research Mentoring:

2020-2021 Lauren Yee, University of Illinois at Chicago, Kinesiology  
2020-2021 Anwar Masud, University of Illinois at Chicago, Kinesiology  
2019-2020 Chloe Baratta, University of Illinois at Chicago, Bioengineering  
2019-2020 Anusha Jalastrutram, University of Illinois at Chicago, Integrative Health Sciences  
Advisor, Honors College Capstone Project  
2019-2020 Ike Kabir, University of Illinois at Chicago, Bioengineering  
2019-2020 Khush Brar, University of Illinois at Chicago, Kinesiology  
2017-2019 Megan Horras, University of Illinois at Chicago, Kinesiology  
2014-2017 Vivian Chau, University of Illinois at Chicago, Kinesiology  
2014-2017 Kristin Tayag, University of Illinois at Chicago, Kinesiology  
2014-2016 Colleen Ryan, University of Illinois at Chicago, Kinesiology  
2014-2015 Sebastian Chlosta, University of Illinois at Chicago, Bioengineering  
2014-2016 Kris Dapitan, University of Illinois at Chicago, Kinesiology  
Advisor, Honors College Capstone Project

**OTHER PROFESSIONAL ACTIVITIES and SERVICE**

***Institutional Service***

University of Illinois at Chicago:

2022 College of Applied Health Sciences Search Committee, Dean  
2022 Center for Clinical and Translational Science Search Committee, Research Specialist  
2021-2023 College of Applied Health Sciences Executive Committee (Alternate 21-22, Primary 22-23)  
2021 Department of Biomedical and Health Information Sciences Promotion and Tenure Committee

2021	Bridge to the Faculty Postdoctoral Research Associate Search Committee, Department of Occupational Therapy
2020-	Department of Kinesiology and Nutrition Promotion and Tenure Committee
2020-2022	Curriculum Committee, Department of Kinesiology and Nutrition
2019-2021	Faculty Advisory Committee, Department of Kinesiology and Nutrition
2018-2019	Task force on the BS in Kinesiology, Department of Kinesiology and Nutrition
11/19/2018	Interview for student from Applied Health Sciences 294
Summer 2018	Clinical Assistant Professor Search Committee, Department of Kinesiology and Nutrition
Summer 2018	Clinical Instructor Search Committee, Department of Kinesiology and Nutrition
Spring 2018	Clinical Instructor Search Committee, Department of Kinesiology and Nutrition
2017-present	Department of Kinesiology and Nutrition, Doctoral Student Evaluation Committee
Annually 7/2015-7/2019	Applied Health Sciences: Summer Exploration and Transition Program, Faculty Round Table for incoming freshman pre-health students
Spring 2015	Chair, Clinical Instructor Search Committee, Department of Kinesiology and Nutrition, Instructor
2014-2015	Chair, Department of Kinesiology and Nutrition, Doctoral Student Evaluation Committee
Spring 2015	Department of Kinesiology and Nutrition, Faculty Search Committee, Assistant/Associate Professor, Biomechanics/Mobility
Various dates	Lab Tour & Interview for students from Biological Sciences 100 3/6/19; 10/26/17; 3/2/16; 3/19/15
7/15/14	Applied Health Sciences: Summer Exploration and Transition Program, Lab Tour for incoming freshman pre-health students
7/1/14-6/20/16	College of Applied Health Sciences Representative, University of Illinois at Chicago Senate
2013- 2014	Department of Kinesiology and Nutrition, Doctoral Student Evaluation Committee
Spring 2014	Department of Kinesiology and Nutrition, Faculty Search Committee, Clinical Assistant/Associate Professor, Anatomy and Physiology
Rush University Medical Center:	
2012-2013	Provost Committee on Gender Issues
2012-2013	Committee on Admissions, Holistic Screening Subcommittee
2012-2013	Committee on Admissions, Interviewer Subcommittee
2012	Rush Research Mentoring Program Annual Retreat Planning Committee
2012	Faculty Search Committee, External Member, University of Illinois at Chicago, Department of Kinesiology and Nutrition
2011-2012	Interviewer, Rush Medical College, Office of Admissions
12/2011	Rush University, College of Health Sciences Research Retreat. Hosted roundtable on writing productivity
2011	Rush Research Mentoring Program Annual Retreat Planning Committee
2011	T32 Short-term Trainee Selection Committee, Rush Medical College, Department of Anatomy and Cell Biology

**Memberships**

2020-Present	Black Biomechanists Association 2020-present    Mentoring Committee
2020-Present	American Society of Biomechanics 2020-present    Mentor, ASB Student Mentoring Program 2021              Facilitator, Impact of the COVID-19 pandemic on women in academia
2008-Present	Orthopaedic Research Society 2020-2025        Community Council, Chair 2023-2025 2020-2023        Chair, Diversity, Equity, and Inclusion Committee 2020-2021        Mentor, Mentor Match Program 2020                Panelist, Understanding and Addressing our Own Implicit Biases 2020                Mentor, Meet the Mentor Program 2020                Moderator, Epidemiology Session 2019                Poster Judge, ORS Great Lakes/Midwest Regional Symposium 2019                Member, Diversity and Inclusion Task Force 2018-2020        Awards and Recognition Committee 2018                Moderator, Arthroplasty Clinical Outcomes Session 2014                Poster Tour Leader, Hip Mechanics and FAI 2014-present     Abstract Reviewer

**Grant review**

11/2021	NIH Grant Review; National Institute of Arthritis and Musculoskeletal and Skin Diseases, Special Emphasis Panel
3/2021	NIH Grant Review; National Institute of Arthritis and Musculoskeletal and Skin Diseases, Special Emphasis Panel
7/2020	Center for Clinical and Translational Sciences Pilot Grant Program review
5/2020	Center for Clinical and Translational Sciences COVID-19 grant review
4/2020	Center for Clinical and Translational Sciences KL2 Reviewer
10/2019	NIH Grant Review MOSS Special Emphasis Panel – Pediatric Rehabilitation <i>Alternate Chair</i>
9/2019	Center for Clinical and Translational Sciences Pilot Grant Review Panel
7/2019	NIH Grant Review National Institute of Biomedical Imaging and Bioengineering Special Emphasis Panel
7/2017-6/2023	NIH Grant Review Standing Member Musculoskeletal Rehabilitation Sciences Study Section [MRS]
6/2017	NIH Grant Review

*ad hoc* Member Musculoskeletal Rehabilitation Sciences Study Section [MRS]

- 3/2017 NIH Grant Review; National Institute of Arthritis and Musculoskeletal and Skin Diseases, Special Emphasis Panel
- 3/2017 University of Illinois at Chicago Limited Competition Internal Peer Review Aetna Foundation
- 1/2017 University of Illinois at Chicago Limited Competition Internal Peer Review HRSA Primary Care Medicine and Dentistry Clinician Educator Award
- 12/2016 Orthopaedic Research and Education Foundation  
Goldberg Arthritis Research Grant Peer Review Committee
- 10/2016 NIH Grant Review  
*ad hoc* Member Musculoskeletal Rehabilitation Sciences Study Section [MRS]
- 2/2015 NIH Grant Review  
*ad hoc* Member Skeletal Biology Structure & Regeneration Study Section [SBSR]

***Editorial boards***

- 2021-2024 Board of Consulting Editors, *Journal of Biomechanics*  
2019-2021 Editorial Review Board, *Journal of Orthopaedic Research*

***Ad Hoc Peer-review***

***Other service***

- 12/16/2020 National Research Mentoring Network Mock Study Section

***Outreach***

- 4/11/2018 National Biomechanics Day  
Hosted a class of 25 students in grades 4-6 from Suder Montessori School, a Chicago Public School.

## RESEARCH

### HONORS, AWARDS, AND OTHER RECOGNITION

- 2021 *Finalist*, Orthopaedic Research Society William H. Harris MD, Award for article “Aerobic capacity and fatigability are associated with physical activity in women with hip osteoarthritis”

- 2021 October Editor's Pick from Journal of Orthopaedic Research for article "Aerobic capacity and fatigability are associated with physical activity in women with hip osteoarthritis"
- 2021 Orthopaedic Research Society Adele L. Boskey, PhD Award  
This award recognizes a mid-career member of the ORS for outstanding and sustained commitment to mentorship as well as a demonstrated track-record of an upward trajectory and impactful research program.
- 2019 June Editor's Choice from Journal of Orthopaedic Research for article "Duration of Symptoms is Associated with Conditioned Pain Modulation and Somatosensory Measures in Male and Female Patients with Knee Osteoarthritis"
- 2017 "Excellence in Clinical Science" Award from Journal of Orthopaedic Research, for article "Identifying clinically meaningful benchmarks for gait improvement after total hip arthroplasty"
- 2015 Article "Does hip implant positioning affect the peak external adduction moments of the healthy knees of subjects with total hip replacements?" featured in Special [Virtual Issue](#) of the Journal of Orthopaedic Research: *Total Joint Arthroplasty*. Compiling "the best recently published manuscripts in the fields of biomechanics, biomaterials, biology and clinical science relevant to joint replacement."  
[http://onlinelibrary.wiley.com/journal/10.1002/%28ISSN%291554-527X/homepage/jor\\_virtual\\_issues.htm](http://onlinelibrary.wiley.com/journal/10.1002/%28ISSN%291554-527X/homepage/jor_virtual_issues.htm)
- 2014 Best in Class Poster Award. Association of American Medical Colleges, Group on Faculty Affairs Annual Meeting  
*"Supporting faculty scholarship: factors associated with writing productivity"*  
Authors: **Foucher KC**, Skarupski KA
- 2011 Mentee of the Year, Rush Research Mentoring Program  
*For contributions to the mentoring program and research accomplishments in AY 2010*
- 2011 Award Recipient, Rush Research Forum, Rush Research Mentoring Program Abstract competition.  
*"Gait adaptations and reconstructed joint geometry are associated with abnormal contralateral hip and knee loading after total hip replacement"*
- 2011 Finalist, New Investigator Recognition Award, Orthopaedic Research Society  
Among 40 finalists selected from all submissions from researchers within 5 years of terminal degree

*“Gait adaptations and reconstructed joint geometry are associated with abnormal contralateral hip and knee loading after total hip replacement”*

2010 Finalist, Rush Research Mentoring Program Abstract competition, Rush Research Forum

*“Full Activity Recovery but Incomplete Biomechanical Recovery after Minimally Invasive Total Hip Arthroplasty”*

1999 Musculoskeletal Research Center of the University of Pittsburgh Medical Center Award, Annual Meeting of the American Society of Biomechanics

*“Gait adaptations in postoperative total hip replacement patients are associated with reduced hip contact force”*

1999 Best Oral Presentation, University of Illinois at Chicago MD/PhD Student Research Symposium

*“Factors influencing variation in gait adaptations after total hip replacement”*

#### **Awards Received by Trainees**

2021 Burcu Aydemir, Rheumatology Research Foundation Medical/Graduate Student Achievement Award

*“Effects of Kinesiophobia and Physical Function on Physical Activity in Adults with Knee Osteoarthritis”*

2017 Chun-Hao Huang, 1<sup>st</sup> Place, University of Illinois at Chicago Student Research Forum

*“Step Length Asymmetry and its Associations with Mechanical Energy Exchange, Function, and Fatigue after Total Hip Replacement”*

2016 J. Heather Brunner, Rheumatology Research Foundation Student Achievement Award

*“Sex-Specific Associations Between Improvement in Gait Mechanics and Improvement in Pain, Function, and Abductor Strength after Total Hip Arthroplasty”*

2012 Samir Chabra, American College of Rheumatology Research and Education Foundation/Abbott Medical/Graduate Student Achievement Award

*“Gait Differences Are Present in Subjects with Symptomatic Vs. Asymptomatic Mild Radiographic Hip Osteoarthritis”*

2011 Bryan Schlink, 3<sup>rd</sup> place, University of Illinois at Chicago Student Research Forum

*“Hip motion patterns are associated with disease severity and reduced dynamic loading in hip osteoarthritis”*

Co-Authors: Shakoor N, Wimmer MA, Foucher KC

### Other Co-Authored Awards

- 2013 Best in Class Poster Award. Association of American Medical Colleges, Group on Faculty Affairs Annual Meeting  
“Strategies for Enhancing Writing Accountability Groups within a Junior Faculty Research Mentoring Program”  
Co-Authors: Lundberg HJ, **Foucher KC**, Skarupski KA.

### MEDIA

- 2021 [Biomechanics On Our Minds Podcast](#), April 2021  
2017 [Helio Rheumatology Article re Sex-specific THR outcomes](#)  
2016 [Pain Week article re Sex-specific THR outcomes](#)  
2016 American College of Rheumatology/ Association of Rheumatology Health Professionals Press Conference. *One of 24 invited participants selected by the society to discuss research with the press.*  
2016 Chicago Tai Chi – Interview and conversation on the role of exercise in OA development and progression.  
2012 Interviewed for [WGN News](#) Health Segment, December 19, 2012  
2012 Featured on WBEZ science segment “[Clever Apes](#)”, May 12, 2012

### INVITED PRESENTATIONS

#### Research Presentations

- 12/9/2021 Harvard University, Topics in Bioengineering Seminar Series, *Virtual*  
11/10/2021 University of Illinois at Chicago, Kinesiology and Nutrition Seminar Series  
11/1/2021 University of Florida, Biomedical Engineering Seminar Series, *Virtual*  
10/27/2021 Louisiana State University, Health Sciences Journal Club, *Virtual*  
4/16/2021 2021 Joint Crosstalk Symposium, *Virtual*  
3/29/2021 La Jolla Arthritis Conference, *Virtual*  
10/22/2020 Louisiana State University, School of Veterinary Medicine Seminar Series, *Virtual*  
8/9-8/14/2020 Invited Speaker, Gordon Research Conference, Musculoskeletal Biology and Bioengineering\*  
\*Cancelled due to COVID-19  
2/12/2020 Harvard University, Cambridge MA  
11/6/2019 University of Illinois at Chicago, Applied Health Sciences Research Day Lightning Talk  
11/29/2018 University of Melbourne, Victoria, Australia, *Virtual*  
11/8/2018 University of Florida, Applied Physiology and Kinesiology Seminar Series, Gainesville, FL  
11/2/2018 University of Nebraska Omaha, Department of Biomechanics Seminar Series  
8/21/2017 Shirley Ryan Ability Lab, Summer Seminar Series, Chicago IL  
6/16/2016 US Bone and Joint Initiative Board of Directors Meeting. Chicago, IL.  
5/9/2012 Invited Faculty, American Association of Orthopaedic Surgeons/Orthopaedic Research Society Femoroacetabular Impingement Research Symposium, Chicago, Illinois.

*Faculty Development Presentations*

	Black Biomechanists Association – Writing Practices for More Productivity with Less Stress Loyola University, Stritch School of Medicine, Department of Medical Education Workshop – Writing Accountability Groups
12/7/2021	University of Illinois at Chicago, College of Nursing Mentoring Meeting – Planning Workshop
7/19/2021	University of Illinois at Chicago, Center for Clinical and Translational Studies Short Course in Clinical and Translational Research – What it means to be a PI
5/27/2021	University of Illinois at Chicago, College of Medicine – Rockford Campus
4/29/2021	University of Illinois at Chicago, College of Nursing Writing Retreat
1/24/2020	University of Illinois at Chicago, Center for Clinical and Translational Studies Professional Development Workshop – Writing Accountability Groups
10/2/2019	University of Illinois at Chicago, Center for Clinical and Translational Studies Professional Development Workshop – Writing Accountability Groups
9/24/2013	Johns Hopkins School of Medicine Office of Faculty Development Seminar, Baltimore, Maryland – Writing Accountability Groups

*Other panels or conferences*

7/10-7/14/2022	Co-Chair/Moderator session Locomotion & Biomechanics - Osteoarthritis and Orthopaedic Conditions, World Congress of Biomechanics, Taipei, Taiwan
9/20-9/21/2021	Moderator, Causes & Consequences of Age-Related Changes in Gait Biomechanics workshop, National Institutes on Aging, Division of Geriatrics and Clinical Gerontology
11/6/2020	Invited Panelist, Philadelphia Spine Research Society (PSRS) Symposium, COVID-19 Challenges and Equity/Diversity in Spine Research
2/11/2020	Invited Panelist, School of Engineering and Applied Sciences Sophomore Convocation, Harvard University
05/2010	Panelist, “Going Weak in the Knees – when Arthritis Strikes” Rush University Medical Center, Department of Orthopedic Surgery Educational Event- Rush Rounds

**RESEARCH FUNDING**

***Current***

6/1/21-6/30/22	Co-Investigator (Principal Investigator Lindsay Slater) UIC Applied Health Sciences Interdisciplinary Pilot Grant Title: A novel approach to treat knee osteoarthritis in patients with and without history of lower limb amputation \$29,760 direct costs
----------------	--

***Completed***

11/16/18 – 6/30/21	Principal Investigator University of Illinois at Chicago Center for Clinical and Translational Sciences Pilot Grant Title: Impact of obesity, fatigue, and strength on physical activity in people with knee OA
--------------------	---

\$60,000 direct costs

5/1/16 – 4/30/20 Principal Investigator  
NIH/NIA R21 AG052111  
Title: Impact of osteoarthritis-related gait impairment on energy, fatigue, and physical activity  
\$275,000 direct costs

6/1/18 – 8/31/19 Principal Investigator  
UIC Applied Health Sciences Interdisciplinary Pilot Grant  
Title: Predicting mechanical and clinical outcomes of total hip arthroplasty  
\$19,329

3/1/15 – 6/30/16 Principal Investigator  
University of Illinois at Chicago Campus Research Board  
Title: Understanding and improving gait mechanics and functional outcomes after total hip replacement  
\$19,898

7/1/12 – 6/30/13 Principal Investigator  
Private Donation  
Title: Establishing a model of early stage hip OA – femoroacetabular impingement  
\$140,000

12/1/12 – 6/30/13 Principal Investigator  
Rush Research Mentoring Program Young Investigator Fund Grant  
Title: Neuromechanical predictors of clinical and functional outcomes after total hip replacement  
\$22,250

7/1/11 – 6/30/13 Principal Investigator  
Rush Translational Science Consortium/Searle Foundation  
Pilot Projects Grant  
Title: Development and validation of a novel biomechanical marker of hip osteoarthritis  
\$100,000

8/1/11 – 4/30/15 Co-Investigator (PI Markus Wimmer)  
NIH/NIAMS R01AR059843  
Title: Wear Testing for Enhanced Prediction of TKR Clinical Performance  
\$900,000 direct costs

7/1/10 – 6/30/16 Recipient, NIH Loan Repayment Program (NIAMS)  
Extramural Loan Repayment Program for Clinical Research (LRP-CR)  
\$141,297

7/1/10 – 7/1/12 Co-Investigator (PI Najia Shakoor, MD)  
Arthritis Foundation Innovative Research Grant  
Title: The Effects of Specialized Footwear in Osteoarthritis of the Knee  
\$200,000

7/1/06 – 6/30/10 Co-Investigator (PI Markus Wimmer)  
NIH/NIAMS R03AR052039  
Title: “Daily Activity of TKR Patients as Input for Wear Testing”  
\$150,000 (Direct Costs)

76. **Foucher KC**, Hurwitz DE, Andriacchi TP. Gait adaptations in postoperative total hip replacement patients are associated with reduced hip contact force. 23rd Annual meeting of the American Society of Biomechanics 1999. *Oral Presentation (Winner Musculoskeletal Research Center of the University of Pittsburgh Medical Center Award)*
77. Hurwitz DE, **Foucher KC**. Implications of hip joint forces during gait. 12th Annual International Symposium for Technology in Arthroplasty, 1999.
78. **Foucher KC**, Hurwitz DE, Andriacchi TP, Rosenberg AG, Galante JO, Jacobs JJ. Hip joint load alterations in total hip replacement patients, American Society of Mechanical Engineering, Summer Bioengineering Conference, 1999. *Poster Presentation*
79. Buchanan B, Hurwitz DE, **Foucher KC**, Rosenberg AG, Galante JO, Andriacchi TP. Gait adaptations in patients with total hip replacements persist over time. 45th Annual Meeting Orthopaedic Research Society, 1999.
80. **Foucher KC**, Hurwitz DE, Sumner DR, Andriacchi TP, Rosenberg AG. An evaluation of muscle force predictions at the hip joint. International Mechanical Engineering Congress and Exposition, Bioengineering Division, 1998. *Poster Presentation*
81. **Foucher KC**, Soomekh D, Hurwitz DE, Andriacchi TP, Rosenberg AG, Galante JO. Factors influencing variation in gait adaptations after total hip replacement. 3rd Annual Meeting North American Society of Gait and Clinical Movement Analysis, Gait and Posture, 7(2):158-9, 1998. *Oral Presentation.*

82. Hurwitz DE, **Foucher KC**, Sumner DR, Andriacchi TP, Rosenberg AG. Bone density changes in osteoarthritis are associated with hip joint loading. 44th Annual Meeting Orthopaedic Research Society, 25, 1998.
83. Hurwitz DE, **Foucher KC**, Andriacchi TP, Rosenberg AG, Galante JO. Similarities between gait adaptations in preoperative and postoperative total hip replacement patients. American Society of Mechanical Summer Bioengineering Conference, 1997.
84. Hurwitz DE, **Foucher KC**, Sumner DR, Andriacchi TP, Galante JO, Rosenberg AG. Greater trochanter bone loss in preoperative total hip replacement patients is related to the hip adduction moment during gait. 21st Annual Meeting of American Society of Biomechanics, 252-3, 1997.
85. **Foucher KC**, Hurwitz DE, Andriacchi TP, Rosenberg AG, Galante JO. Reductions in hip contact forces due to gait adaptations in preoperative total hip replacement patients persist even if antagonistic muscle activity is increased. 21st Annual Meeting of American Society of Biomechanics, 192-3, 1997. *Poster Presentation*
86. Hurwitz DE, Sugar DA, Rottier F, **Foucher KC**, Sumner DR, Andriacchi TP. Dynamic Medial Loads During Gait Influence Tibial Bone Distribution. American Society of Mechanical Engineering, Summer Bioengineering Conference, BED vol 35:503-4, 1997. *Oral Presentation*.
87. Hurwitz DE, Sugar DA, Rottier F, **Foucher KC**, Sumner DR, Andriacchi TP, Rosenberg AG, Galante JO. Changes in Tibial Bone due to Dynamic Loading During Gait. 43rd Annual Meeting Orthopaedic Research Society, 1997.
