EDUCATION

A.T. Still University

DHSc in Global Health Promotion, graduated September 2014

- **Dissertation:** Prevalence of metabolic syndrome and individual criterion in US adolescents: 2001-2010 National Health and Examination Survey

Florida Atlantic University

M.S. in Exercise Physiology, graduated May 2001

- **Thesis:** The Role of Airflow Limitation in Exercise Induced Arterial Hypoxemia.

Florida Atlantic University

B.S. Ed. in Exercise Science and Wellness Education, graduated May 1998

Broward Community College

A.A. in Biology, graduated May 1994

TEACHING EXPERIENCE

University of Illinois at Chicago, Chicago, Illinois

Clinical Associate Professor, Department of Kinesiology and Nutrition, August 2019

Courses Taught:

- Introduction to Exercise Science and Health (KN152) (3 credit hours UG)
- Physiology of Exercise (KN352) – (4 credit hours UG)
- Experimental Learning / Mentoring Students (KN396/496) (1-3 credit hours UG)
- Senior Seminar (KN495) (1 credit hour UG)
- Advanced Exercise Programming and Assessment (KN545) (3 credit hours G)
- Human Bioenergetics (KN552) (3 credit hours G)
- Independent Research (KN596/597) (1-3 units (G))

California State University Bakersfield, Bakersfield, California

Assistant Professor, Department of Kinesiology, August 2014 – August 2019

Courses Taught:

- Physiology of Exercise with Lab (PEAK 404) – 5 units
- Advanced Exercise Physiology with Lab (PEAK 406) – 5 units
- Exercise Programming for Performance and Fitness with Lab (PEAK 486) – 5 units
- Independent Study (PEAK 498) – 3 units
- Exercise Physiology with Lab (KINE 3040) – 3 units
- Strength and Conditioning with Lab (KINE 4120) – 3 units
- Advanced Exercise Physiology with Lab (KINE 4140) – 3 units
- First Year Seminar (CSUB 1009) – 1 unit

- Exercise Prescription for Health and Performance with Lab (KINE 4110), 3 units
- Behavioral Aspects of Physical Activity (KINE 4220), 3 units
- CPR / First Aid / AED (KINE 1020), 1 unit
- Worksite Health Promotion (KINE 4170), 3 units (in preparation)
- Independent Study (KINE 4895) – 1 unit

Director of the Human Performance Laboratory

- Tasks include physiological testing of athletes and community members.
- Directing student interns
- Daily running of human performance laboratory

A.T. Still University

Adjunct instructor, Osteopathic School of Medicine, August 2011 – July 2014

Courses Taught:

- Epidemiology (MED 620) – Fall semesters, 2011-2014
- Biostatistics and Preventive Medicine (MED 621) – Spring semesters, 2011-2014

Guest lecture:

- “Pulmonary Function Testing in the Clinical Setting”, Respiratory Physiology Spring 2013

University of Evansville

Adjunct Instructor, Department of Physical Therapy, 2011-2012

Courses Taught:

- Cardiopulmonary Physiology with Lab (PT 422) – 3 units

Guest lecture:

- “Traumatic Injuries and the Veteran”, Patient Management – Musculoskeletal, Spring 2011

Virginia Commonwealth University

Adjunct Instructor, Department of Kinesiology and Health Sciences, 2009-2011

Courses Taught:

- Exercise Programming and Leadership (HPEX 470), 3 units
- Medical Terminology (HPEX 250), 3 units online

University of Nebraska-Lincoln

Graduate Research Assistant, Department of Health and Human Performance, 2001-2003

Courses Taught:

- Physiology of Exercise Lab (HHPG 484/884)
- Human Anatomy (cadaver based) Lab (HHPG 207)
- Exercise Testing and Lab (HHPG 486/886)

PROFESSIONAL EXPERIENCE

A.T. Still University

Data Informatics Specialist, 2012 – 2014

Tasks included:

- Creation of IRB documents, writing of manuscripts, and general department assistance

Henry M. Jackson Foundation

Data Manager, 2011 – 2012

Tasks included:

- Data collection on a military research grant – injury assessment of active-duty military personnel, data management, and preparation of all documents

Hunter Holmes McGuire Veterans Hospital

Rehabilitation Planning Specialist/Lab Coordinator, 2006 – 2010

Tasks included:

- Initial set up of three research laboratories, purchase of all equipment, training of interns, research assistants, and therapists, writing of IRB documents, data collection on VHA grant studies, and all aspects of research collection

Jittery Joe's – Zero Gravity Professional Cycling Team

Team Physiologist, 2006-2009

Tasks included:

- All physiological testing of riders

MET-Test, LLC

Assistant Director of Clinical Services, 2003-2006

Tasks included:

- Training of all new hires, conducting cardiopulmonary exercise testing, pulmonary function testing, and resting metabolic rate testing, teaching medical personnel how to conduct and interpret of tests, and interpretation of tests

Bryan LGH Hospital

Exercise Specialist, 2002-2003

Tasks included:

- Cardiac and pulmonary rehabilitation, clinical testing of patients, writing of exercise prescriptions, and general wellness of hospital employees

Broward General Hospital

Exercise Physiologist, 1998-2001

Tasks included:

- Cardiac and pulmonary rehabilitation, out-patient rehabilitation, and community wellness

Florida Atlantic University

Graduate Research Assistant, 1998-2001

Tasks included:

- Conducted research for all faculty, graduate students, and assisting course presentation of Lab Methods course.

COLLEGE, DEPARTMENT, and COMMUNITY SERVICE

University of Illinois at Chicago

- Associate Director of Undergraduate Studies (DUS) – Aug. 2021 – present
- Member, Department Curriculum Committee, Aug. 2021 – present
- Member, Academic Affairs Committee – Aug. 2021 - present
- Member, UIC Senate – July 2021-2024
- Program Director, UIC NSCA ERP, May 2021 – present
- P&T Committee Clinical Faculty Member, May 2021 - present
- Member, Graduate Student Review Committee – Spring 2020

California State University, Bakersfield

- Member, Student Recreation Center Advisory Committee – May 2019 – August 2019
- Member, Research Council of the University – May 2017 – May 2019
- Member, Hiring Committee Member for Tenure Track position for Assistant Professor Exercise Science Track, Spring 2018
- Reviewer, Tenure, and Promotion reviewer for Full-Time Lecturers in Department of Kinesiology, Fall 2017 – Spring 2018
- Advisor to over 90 students in the Department of Physical Education and Kinesiology
- Leader of Faculty/Staff Mini Fitness Challenges
- Member of IT Committee Department Member, Spring 2015 – Spring 2018
- Member of Intercollegiate Athletics Education Committee, Fall 2014 – Fall 2016

UNDERGRADUATE STUDENT MENTORSHIP

- Jorge Rosas, Dakotah Cain
 - Study “Does Body Hair Affect Percent Body Fat in the Bod Pod?”
- Jorge Rosas, Jasmin Figueroa, Francisco Ibarra, 2018 – present
 - Study “Metabolic Syndrome and Physical Activity in Faculty and Staff”
- Natali Contreras, 2017-218
 - Study “Functional Movement Screen in Collegiate Athletes”
 - Student awarded Student Grant \$2000.00
- Andrew Hudson, Natali Contreras, Daniel Serrano, Garry Cai, Sydney Haynes, Eryn Chang, and Kristen Morgan, Spring 2017
 - Study “Metabolic syndrome in college students.”
- Sarah Cook, Fall 2016
 - Study “Functional Movement Screen and collegiate athletes.”

JOURNAL REVIEWER

- Reviewer for Pilot & Feasibility Studies, 2021 - present
- Reviewer for Metabolic Syndrome and Related Disorders, 2020 – present
- Reviewer for International Journal of Sport and Exercise, 2020 - present
- Reviewer for The Physician and Sports Medicine Journal, 2019 - present
- Reviewer for American Journal of Men’s Health, 2018 – present
- Reviewer for Journal of Strength and Conditioning Research, 1999 - present
- Reviewer for Strength and Conditioning Journal, 1999 – present
- Reviewer for Journal of Strength and Conditioning Research Abstracts, 2002
- Abstract Committee member and Reviewer, National Meeting NSCA, 2002

GRANTS (Internal / External Competitive)

- Co-Principle Investigator – Helix Corporation – Metabolic Cost for the Helix Lateral Trainer – (Not awarded \$17,700)
- Faculty Teaching Learning Center (FTLC) Grant – ACSM Clinical Exercise Physiologist Certification (Not awarded for \$350.00)
- Faculty Teaching Learning Center (FTLC) Grant – CPR Instructor Certification (Awarded for \$200.00)
- Faculty TLC Research Grant (Awarded \$400.00)
- Co-Investigator: NIH grant, Metabolic syndrome in Hispanic females, pilot study. (In preparation, \$225,000)
- Principle Investigator: RCU Grant, Metabolic syndrome in faculty and staff (Awarded \$3597.50)
- Faculty Teaching Learning Center (FTLC) Grant, Laboratory equipment (Awarded \$400.00) (pilot study)
- Principle Investigator: RCU Grant, Metabolic syndrome in college students, (Awarded \$4880.00) study completed.
- Co-Investigator: Kaiser Grant, CSUB Read & Ride Program, Pilot Study, (Awarded \$13,500) on-going study, 2015
- Sub-Investigator: AV650-014: A Four Week, Prospective, Randomized, Double Blind, Placebo-Controlled Trial to Assess Safety, Tolerability, Pharmacokinetics Efficacy of AV650 in Patients with Spasticity due to Spinal Cord Injury. (Awarded \$20,000) (4/2008).
- Miller, J.M. and T.J. Housh, NSCA Graduate Research Award. Validation of the PWCVO₂ test. (Awarded \$2248.00) (7/2002)

PROFESSIONAL CERTIFICATIONS

- Exercise is Medicine Level 2 certification, American College of Sports Medicine, November 2018 - present
- CPR Instructor Certification, American Heart Association, September 2017 - present
- NSCA Certified Strength and Conditioning Specialist (CSCS), Certification number 200114196, 1997-present
- ACSM Exercise Physiologist Certified (ACSM-EP-C), Certification number 11218, 1998-present
- Y-Balance Test, 2011-present
- Functional Movement Screen Level 1, 2011-present
- Clinical Bone Density Technologist (CBDT), International Society of Bone Densitometry, 2010-2013
- Certified Pulmonary Function Technologist (CPFT), National Board for Respiratory Care (NBRC) – expired, 2005
- Advanced Cardiac Life Support (ACLS), American Heart Association, 2004-2010
- USA Cycling Club Coach, 2003-2012
- NSCA Certified Personal Trainer (NSCA-CPT), 1997-2010
- USAW Certified Club Coach, 1996-present
- Basic Life Support (BLS), American Heart Association, 1996-present

PROFESSIONAL ORGANIZATIONS

- Member, International Society for the Advancement of Kinarthropometry (ISAK), 2021 - present
- Member, National Strength and Conditioning Association (NSCA), 1996- present
- Member, American College of Sports Medicine (ACSM), 1996-present
- Member, Southeast Region of American College of Sports Medicine (SEACSM), 1996-2001
- Editor, Clinical Kinesiology, Journal of the American Kinesiotherapy Association, October 2008 - 2015
- Member, National Board for Respiratory Care (NBRC), 2005 – 2010
- Member, USA Cycling, 2003 – 2012
- Member, American Physiological Society (APS), 1999-2001
- In-Training Member, American Thoracic Society (ATS), 1999-2001
- Member, United States Weightlifting Federation (USWF), 1996-Present

STUDENT AWARDS

- NSCA Student Research Oral Presentation Award, NSCA, 2002
- NSCA Student Challenge Scholarship, NSCA, 2002
- Other Graduate Fellowship Dept. of Health and Human Performance UNL, 2001 - 2003
- Book Store Award, College of Education, FAU, 2000
- Graduate Research Travel Award, Graduate Council, FAU, 2000
- Graduate Research Travel Award, Graduate Council, FAU, 1999
- Undergraduate Award, Outstanding Undergraduate in the College of Education for the Health Sciences Department 1997-1998, FAU, 1998
- SDAAPHERD Representative, Birmingham, AL, 1997

SEMINAR ATTENDANCE

- American College of Sports Medicine, Annual meeting - 1998 – 2005, 2008 - present
- National Strength and Conditioning Association, Annual meeting - 1997, 2000, 2002, 2015-present

CONSULTING

- Wolters Kluwer – Freelance Editor, PrepU for McArdle, Katch, & Katch, Essentials of Exercise Physiology, Fifth Edition, (978-1-4963-0209-0), August 2017 – September 2017
- Wolters Kluwer – Subject Matter Expert, PrepU for ACSM’s Resources for the Personal Trainer, Fifth Edition, July 2017 – September 2017
- Bakersfield Condors – Human Performance Testing of professional hockey players, July 2015 – Aug 2019

IN-PREPARATION MANUSCRIPTS

1. Miller, J. M and Zostautas, N. Plyometrics and cyclists. *Strength Cond J*. (In preparation)

SUBMITTED MANUSCRIPTS

ACCEPTED MANUSCRIPTS

1. Miller, J. M (2021). Aerobic and Resistance Training for Individuals with Spinal Cord Injury. *Strength Cond J*, 43, 1-8.
2. Miller, J. M (2020). Effects of an acute bout of static stretching on the Wingate test in men. *J Sports Med Phys Fitness*, 60, 974-978.
3. Miller, J. M, & Street, B. D. (2019). Metabolic syndrome and physical activity in college students. Accepted to *Metab Syndr Related Dis*.17(9), 431-435.
4. Haynes, S., Miller, J. M, & Susa, K. J. (2019). Effect of capris in validity of air-displacement plethysmography in female college students. *Int J Exerc Sci*. 12(4), 1315-1322.
5. Miller, J. M & Susa, K. (2018). Comparison of Morphologic Characteristics in World Tour and Professional Continental Cyclists. *J Sci Cycling*, 7, 3-6.
6. Miller, J.M, & Susa, K. J. (2018). Normative values of functional movement screen in Division I athletes. *J Sports Med Phys Fitness*. 59(5), 779-783.
7. Miller, J.M. (2016). Measured versus predicted thoracic gas volume in college students. *Medicina Sportiva*, XII, 2772-2776.
8. Miller, J.M, Kaylor, M. B., Johannsson, M., Bay, C., & Churilla, J. R. (2014). Prevalence of metabolic syndrome and individual criterion in U.S. adolescents: 2001-2010 NHANES. *Metab Syndr Related Dis*, 12, 527-532.
9. Gorgey, A., Gater, D. R., Miller, J. M, & Poarch, H. (2010). Locomotor and Resistance Training Restore Walking in an Elderly Person with a Chronic Incomplete Spinal Cord. *NeuroRehab*, 26, 127-133.
10. Coburn, J.T., Housh, T. J., Cramer, J. T., Weir, J. P., Miller, J. M, Beck, T. W., Malek, M. H., & Johnson, G. O. (2005). Mechanomyographic and electromyographic responses of the vastus medialis muscle during isometric and concentric muscle actions. *J Strength Cond. Res*, 19, 412-420.
11. Coburn, J. W., Housh, T. J., Cramer, J. T., Weir, J. P., Miller, J. M, Beck, T. W., Malek, M. H., & Johnson, G. O. (2004). Mechanomyographic time and frequency domain responses of the vastus medialis muscle during submaximal to maximal isometric and isokinetic muscle actions. *Electromyogr Clin Neurophysiol*. 44, 247-55.

12. Miller, J. M., Housh, T. J., Coburn, J. W., Cramer, J. T., & Johnson, G. O. (2004). A proposed test for determining physical working capacity at the oxygen consumption threshold. *J Strength Cond Res* 18, 618-624.
13. Cramer, J. T., Housh, T. J., Johnson, G. O., Miller, J. M., Coburn, J. W., & Beck, T. W. (2004). Acute effects of static stretching on peak torque in women. *J Strength Cond Res*, 18, 236-241.
14. O’Kroy, J. A., James, T., Miller, J. M., Campbell, K., & Torok, D. J. (2001). Effects of an external nasal dilator on the work of breathing during exercise. *Med Sci Sports Exer*, 33, 454-458.
15. Miller, J.M, S.C. Hilbert, and L. E. Brown. (2001). SAQ training for senior tennis players. *Strength Cond J*, 23, 62-66.

NON-REFEREED JOURNAL ARTICLES

1. Miller, J.M., To Stretch or Not. *Journal of Strength and Conditioning. Point/Counterpoint Column*. 24(1):21, 2002.

BOOKS IN PREPARATION

1. Miller, J. M., P. Comfort, J. McMahon. *Strength and Conditioning Laboratory Manual*. (Accepted by Routledge Publishers – anticipated June 2022).

CHAPTERS IN BOOKS

1. Brown, L. E. and J.M Miller. Introduction to SAQ. In: *Complete Coaches Guide to Speed and Power*, 2nd Ed. Brown, LE and Ferrigno, VA (eds.) Champaign, IL: Human Kinetics, 2005.
2. Brown, L. E., J.M Miller and J. Roberts. Introduction to SAQ. In: *Complete Coaches Guide to Speed and Power*. Brown, LE, Ferrigno, VA and Santana, JC (eds.) Champaign, IL: Human Kinetics, 2000.

BOOKS EDITED

1. Kavas, M. 2015. *Cycling Today*.
