

January 9, 2017

CURRICULUM VITAE

Shane A. Phillips PT, PhD, FAHA
Professor and Associate Head
Department of Physical Therapy
College of Applied Health Sciences
University of Illinois at Chicago

OFFICE ADDRESS: Department of Physical Therapy
University of Illinois at Chicago
1919 W. Taylor St. (M/C 898)
Office: 746 Lab: 124
Chicago, IL 60612
Telephone: 312-355-0277
Fax: 312-996-4583
shanep@uic.edu

EDUCATION

08/1994 - 05/1998 B.S., Marquette University, Milwaukee, WI
08/1998 - 05/2000 MPT., Marquette University, Milwaukee, WI
07/2000 - 05/2004 Ph.D., Physiology, Medical College of Wisconsin, Milwaukee, WI

POSTGRADUATE TRAINING AND FELLOWSHIP APPOINTMENTS:

03/2004 - 08/2004 Postdoctoral Fellow, Physiology, Medical College of Wisconsin, Milwaukee, WI (PI: Julian Lombard, PhD)
08/2004 - 07/2006 Postdoctoral Fellow, Medicine (Cardiovascular), Medical College of Wisconsin, Milwaukee, WI (PI: David Gutterman, MD)
07/2005 – 09/2007 Clinical Research Scholars (NIH-K30)
Medical College of Wisconsin, Milwaukee, WI
o Exercise and mechanisms of oxidative stress
o Exercise, weight loss, and endothelial function in humans
o Mechanisms of regulation of human adipose microcirculation
07/2007 – 12/2009 Scholar, Center for Clinical and Translational Science
University of Illinois Medical Center, Chicago, IL

FACULTY AND ADMINISTRATIVE APPOINTMENTS:

08/2002 - 12/2002 Visiting Instructor, Department of Physical Therapy Marquette University, Milwaukee, WI.
01/2003 - 05/2003 Adjunct Instructor, Graduate School of Nursing, Marquette University, Milwaukee, WI.
05/2004 – 08/2007 Adjunct Clinical Assistant Professor, University of Illinois at Chicago, Department of Physical Therapy; Chicago, IL.
07/2006 – 06/2007 Instructor, Department of Medicine, Division of Cardiovascular Medicine, Medical College of Wisconsin. Milwaukee, WI.
07/2006 – 06/2007 Instructor (secondary), Department of Surgery. Division of Trauma and Critical Care, Medical College of Wisconsin. Milwaukee, WI.

January 9, 2017

07/2007 – 08/2007	Assistant Professor, Departments of Medicine and Surgery, Medical College of Wisconsin, Milwaukee, WI
08/2007 –	Adjunct Assistant Professor, Departments of Medicine and Surgery, Medical College of Wisconsin, Milwaukee, WI
08/2007 – 08/2011	Assistant Professor (tenure track; primary), Department of Physical Therapy, University of Illinois, Chicago, IL
12/2007 – 08/2011	Clinical Assistant Professor (secondary), Department of Medicine, Section of Endocrinology, Diabetes, and Metabolism, University of Illinois College of Medicine, Chicago, IL
08/2010 – present	Associate Head, Department of Physical Therapy, University of Illinois at Chicago, Chicago, IL
08/2011 – 08/2015	Clinical Associate Professor, Department of Medicine, Section of Endocrinology, Diabetes, and Metabolism, University of Illinois College of Medicine, Chicago, IL
08/2011 – 08/2015	Associate Professor (tenure), Department of Physical Therapy, University of Illinois at Chicago, Chicago, IL
08/2012 – 07/2013	Interim co-Director of Professional Education, Department of Physical Therapy, University of Illinois at Chicago
08/2013 – present	Faculty Fellow, Honors College, University of Illinois at Chicago
08/2015 – present	Professor (tenure), Department of Physical Therapy, University of Illinois at Chicago, Chicago, IL
08/2015 – present	Clinical Professor, Department of Medicine, Section of Endocrinology, Diabetes, and Metabolism, University of Illinois College of Medicine, Chicago, IL
03/2015 – present	Visiting Research Professor, Department of Physiotherapy, Federal University of Sao Carlos, SP, Brazil
09/2015 – present	Guest Professor, Faculty of Medicine, University of Osijek, Osijek, Croatia
07/2016	Director, Clinical Rehabilitation and Technology Research Certificate Program

LICENSURE

Physical Therapist	Previous: State of Wisconsin Issue Date: 2000
	Current: State of Illinois Issue Date: 2008

PREVIOUS CLINICAL POSITIONS

1999-2000	Physical Therapist Internship, Columbia Hospital, Milwaukee, WI
2000	Physical Therapist Internship, Columbus Hospital, Chicago, IL
2000-2005	Physical Therapist, St. Michael's Hospital, Milwaukee, WI

AWARDS AND HONORS

Clinical/Research

1997	Howard Hughes Medical Institute Undergraduate Summer Research Award: Marquette University
2001-2004	National Institutes of Health – Institutional Predoctoral Award National Research Service Award. Medical College of Wisconsin

January 9, 2017

- 2004-2005 National Institutes of Health – Institutional Postdoctoral Award National Research Service Award. Medical College of Wisconsin
- 2004 Microcirculatory Society Benjamin Zweifach Student Award
- 2005 Iowa Physiological Society (IPS): Trainee Award Finalist
- Abstract competition at annual IPS Meeting (4 finalists)
- 2005 American Heart Association Postdoctoral Fellowship Award
- 2006 Young Investigator Award- Clinical Science Cardiovascular Section of the American Physiological Society (APS)
- 1 award selected annually by the cardiovascular section of APS for the outstanding clinical research abstract presented at Experimental Biology
- 2007 Center for Clinical Translational Science Scholars Award
University of Illinois Medical Center at Chicago
- 2008 American College of Sports Medicine Research Endowment Award
- 2009 Top paper award for clinical science contribution to Hypertension
- 1 award selected for the most significant original paper published in the journal *Hypertension* in 2008
- 2010 Presidential Early Career Award for Scientists and Engineers (PECASE) Nominee
- 2011 Educator of the Year Award, Physical Therapy, College of Applied Health Sciences, UIC
- 2013 Researcher of the Year, College of Applied Health Sciences, UIC
- <http://www.ahs.uic.edu/facultystaff/awards>
- 2013 Fellow, American Heart Association, Council on Arteriosclerosis, Thrombosis and Vascular Biology
- 2015 UIC Chancellor's Proof of Concept Award Winner

Academic /Scholastic

- 1998 Phi Beta Kappa
- 1998 Alpha Sigma Nu
- Honor society for academic and community service excellence
- 1999 Wisconsin Physical Therapy Association Academic Award
- Competitive academic award for physical therapist in training
- 2004 MCW/Excellence in Physiology Award – Summa Cum Laude
- Awarded annually for excellence in research and academics by the Medical College of Wisconsin, Department of Physiology Graduate Program

MEMBERSHIPS IN HONORARY AND PROFESSIONAL SOCIETIES:

- 04/1999 – present American Physical Therapy Association
Sections of Cardiovascular and Pulmonary Physical Therapy and Acute Care Physical Therapy
- 04/1999 – 08/2007 Wisconsin Physical Therapy Association
- 06/2004 – present American Physiological Society
- 12/2003 – present Microcirculatory Society, Inc.
- 06/2005 – present American Heart Association
- 10/2008 – present Illinois Physical Therapy Association
- 03/2012 APTA Section on Research

EDITORIAL BOARDS/INVITED REVIEWER:

Editorial Board Member:

01/2007 – present	American Journal of Physiology: Heart and Circulatory Physiology
01/2010 – present	Microcirculation
2013 – present	ISRN Obesity
2014 - 2016	Advances in Vascular Medicine
2015	Guest Editor, Progresses in Cardiovascular Diseases
2016	Associate Editor, Brazilian Journal of Physical Therapy
2016	Review Editor, Frontiers in Physiology, Exercise Physiology

Invited Journal Reviewer:

2004 – present	American Journal of Physiology: Heart and Circulatory Physiology
2006 – present	Journal of Applied Physiology
2006 – present	Journal of Vascular Research
2006 – present	European Journal of Clinical Investigation
2007 – present	Journal of the American College of Cardiology
2007 – present	Diabetes
2007 – present	American Journal of Physiology: Regulatory, Integrative, and Comparative Physiology
2008 – present	Obesity
2008 – present	Hypertension
2009 – present	Journal of Nutrition, Metabolism, and Cardiovascular Disease
2009 – present	Metabolism
2009 – present	Journal of Internal Medicine
2011 –	Applied Physiology, Nutrition, and Metabolism
2012 –	Medicine, Science, and Sports in Exercise

GRANT REVIEW COMMITTEES AND SERVICE

2009 – 2011	Reviewer, American Heart Association, Vascular Biology and Blood Pressure Study Group Review Committee (Regular member).
2011 – present	Reviewer, American Heart Association, Vascular Biology and Blood Pressure Clinical and Translational Review Group (Regular Member)
2011, 2012	Reviewer, NIH/NHLBI Clinical and Integrative Cardiovascular Sciences Study Section (Temporary Member)
2012- present	UIC Campus Research Board
2013	Board of the Austrian Science Fund, Invited Scientific Reviewer
2013	Vidi Program; Innovation Research Initiative, Netherlands
2015	Ad Hoc study section, NIH/NHLBI Atherosclerosis and Inflammation of the Cardiovascular System Study Section
2016	Chair, Scientific Review Committee, AHA Vascular Biology and Blood Pressure Clinical Translational

APPOINTED/ELECTED LEADERSHIP AND COMMITTEE POSITIONS

08/2005 – present	Member, Doctor of Physical Therapy Program Admissions Committee, Department of Physical Therapy, University of Illinois at Chicago
-------------------	--

January 9, 2017

09/2007 – 2010 Faculty Advisory Committee (elected), Department of Physical Therapy, University of Illinois at Chicago

2008 Graduate Education Task Force (appointed), Department of Physical Therapy, University of Illinois at Chicago

2009 Faculty Search Committee (appointed), Department of Physical Therapy, University of Illinois at Chicago, Assistant Professor

08/2009 – present Graduate Admissions Committee (appointed), M.S. in Rehabilitation Sciences, Department of Physical Therapy, University of Illinois at Chicago

2010 Faculty Search Committee, Department of Physical Therapy, University of Illinois at Chicago, Clinical Assistant Professor, Assistant Professor

08/2010 – present Associate Head, Department of Physical Therapy, University of Illinois at Chicago

08/2010 – present Faculty Advisory Committee (appointed), Department of Physical Therapy Committee

2011 Member, Faculty Search Committee, Department of Kinesiology and Nutrition, University of Illinois at Chicago, Assistant Professor

2011 – present Member, Editorial Board of the Department of Physical Therapy Newsletter (“Moment”), University of Illinois at Chicago

2011 – present Member, PhD (Rehabilitation Track) program academic performance committee, College of Applied Health Sciences, University of Illinois at Chicago

2011 – present Member, Promotion and Tenure Committee, College of Applied Health Sciences, University of Illinois at Chicago

2012- 2013 Member, Committee on the formation of a new PhD in Rehabilitation, UIC College of Applied Health Sciences. *Co-developed University application for the formation a new PhD in Rehabilitation

2012 Chair (appointed), Faculty Search Committee for Assistant Director of Clinical Education, Department of Physical Therapy, University of Illinois at Chicago

2012 Chair (appointed), Faculty Search Committee for Clinical Assistant/Associate Professor, Department of Physical Therapy, University of Illinois at Chicago

2012-2013 Interim Co-Director of Professional Education (appointed), Department of Physical Therapy, University of Illinois at Chicago

2012 – present Member, Promotion and Tenure Committee (elected), Department of Physical Therapy, University of Illinois at Chicago

2012 Member, Search Committee for Associate Dean for Research, College of Applied Health Sciences, UIC

2014 Chair, Search Committee for Clinical Instructor, Department of Physical Therapy, UIC

2015 – 2016 Chair, Ad hoc Policy and Procedures Review Committee, Department of Physical Therapy, UIC

2015 Chair, Search Committee for Clinical Assistant Professor, Cardiac Rehabilitation, Department of Physical Therapy, UIC

2015 Chair, Search Committee for tenure track Assistant Professor, Department of Physical Therapy, UIC

2016 Chair, Department of Physical Therapy Promotion and Tenure Committee, UIC

OTHER UNIVERSITY AND COMMUNITY SERVICE

Department Service and Program Development

- 2014 Developed the Department of Physical Therapy Post-Professional Orthopedic Residency Certificate Program
- Developed PT 594: Educator Practicum
 - Developed PT 594: Physical Therapy Residency Mentorship
 - Course Description: During Physical Therapy Residency Mentorship, while being mentored and supervised by physical therapists with expertise in a particular practice setting, residents apply and develop advanced skills in a specialized clinical environment that fosters learning, inquiry, and critical/creative thinking.
- 2013 Co-Developed the Department of Physical Therapy Proposal (MOU) for Professional Pipeline to Promote Diversity in Physical Therapy
- 2014 Co-Developed the Department of Physical Therapy new Anatomy course proposal
- PT604 Anatomy of the Central Nervous System, Head and Neck for Physical Therapy
 - PT603 Human Gross Anatomy for Physical Therapy
- 2015 Developed the Department of Physical Therapy Certificate in Clinical Rehabilitation and Technology Research
- Mission: The mission of the University of Illinois at Chicago Certificate in *Human Subject Research Training for Health Professionals* is to provide physical therapists, physical therapy students and other health professionals, who have completed their degree or are still students, advanced knowledge and skills needed to actively participate on a human subject research team. This certificate training will produce clinicians who have an advanced understanding of how to contribute to the development of and participate in human subject research projects.
- 2015 External research contracts developed with Revolution Physical Therapy and Weight Loss for research development and clinical outcomes analysis. (\$36,000/year).
- 2016 External research and faculty contracts develop with React Physical Therapy for clinical outcomes analysis (\$50,000/year).
- 2015 Co-Developed the Department of Physical Therapy contract for the UIC Applied Health Sciences cardiac rehabilitation program with the College of Medicine and University of Illinois Health System

University Service

- 2010 – 2013 Member, Research Advisory Council Member, Office of the Vice Chancellor for Research, University of Illinois at Chicago
- 2011- 2013 Co-Director and organizer of the Department of Physical Therapy hosted career fair, University of Illinois at Chicago
- 2012 - 2016 Member/Reviewer Campus Research Board, Office of the Vice Chancellor for Research, University of Illinois at Chicago

Campus Wide Workshops and Training

- 2015 Office of the Vice Chancellor for Research (Research and Development Services); Presenter of “Writing for the Reviewer: Strengthening your NIH Mentored K Proposal”
- 2009-2011 Office of the Vice Chancellor for Research (Research and Development Services); Moderator of “Writing for the Reviewer: Strengthening your NIH Mentored K Proposal”
- 2009-2012 Center for Clinical and Translational Sciences; Invited panel member of session entitled “Overcoming Research Pitfalls as a New Investigator” for the summer program in CCTS Clinical and Translational Research Methods.

Public Service

- 2009 – 2011 Volunteer Instructor on the value of Science for Careers in Rehabilitation Sciences and Research, UIC College Prep Health Science Day (program designed to facilitate urban high school students’ interested in the health sciences).
- 2011 Volunteer and faculty mentor for the Susan G. Komen 3-day walk for the cure
- 2012 Volunteer Research Mentor, Proviso Math and Science Academy, Maywood, IL. Provided hands on research and scientific mentorship for 2 senior high schools students.
- 2015-2016 Advisory Board Member to the Chicago Grant Park Conservancy for the outdoor Health Space

Professional Committees and Symposium Chaired

- 2008 Chair, Featured Topic Symposium on “Exercise, Oxidative Stress, and Endothelial Function” sponsored by the Cardiovascular Section of the American Physiological Society at Experimental Biology 2008.
- 2010 Chair, Symposium on Integration and Mechanisms in Hypertension III at the 2nd International Symposium on Hypertension: Translational Medicine in Hypertension Meeting, Osijek, Croatia (11/18/2010 – 11/21/2010).
- 2012 Member, APTA Academic Council for Physical Therapy Education
- 2012 Nominated, member of the Exercise Physiology Task Force of the Academic Council for Physical Therapy Education
- 2012 Member, Consortium of the Research-Intensive Physical Therapy Programs (RIPPs) Consortium.
- Established to promote academic excellence by strengthening the community of research-intensive physical therapy programs.
- 2012 Member, Education Programming Committee, APTA Combined Sections Meeting, Section on Cardiovascular and Pulmonary Physical Therapy Education
- 2013 Co-Chair, Symposium on Environmental and Exercise Physiology at the Croatian Physiological Society (09/11/2013-09/15/2013).
- 2013 Co-Chair/Moderator, session on Translational Insights in the Regulation of Vascular Resistance in Health and Disease, American Heart Association Scientific Sessions (11/19/2013).
- 2013 Poster Professor, session on Microcirculation and Cerebral, Coronary, and Peripheral Circulation, American Heart Association Scientific Sessions (11/18/2013).
- 2015 Research Society on Alcohol Symposium co-Chair on Binge Drinking in Young Adults: Is it time for an eye opener?

2016 Co-Chair and Moderator, Symposium Mitochondrial Redox Signaling and Vascular Function in Health and Disease, American Heart Association Scientific Sessions (11/14/2016).

Direct Funds: \$1,250,000

INTELLECTUAL PROPERTY AND DISCOVERY

10/2011 **Title:** A wearable cardiovascular and physical activity monitor that includes a field adaptive neural network processor, modular extensible functional interface, and open

- 05/2014 communications framework for healthcare delivery and research platforms (Disclosure to UIC Office of Technology Management; DF050; Provisional Patent)
Title: A non-invasive ePhysiologic monitor with an adaptive regression algorithm for continuous blood pressure measurement from multispectral photo pulse-plethysmography (Disclosure to UIC Office of Technology Management: DH150).

INVITED LECTURES/WORKSHOPS/PRESENTATIONS:

International

1. **Phillips S.A.** “Exercise, Oxidative Stress and Human Endothelial Function.” at the 5th Croatian Congress of Pharmacology and the 2nd Congress of Croatian Physiological Society Meeting, Osijek, Croatia, (9/19/2007 – 9/23/2007).
2. Gutterman D.D., B.T. Larsen, **S.A. Phillips**, Y.P. Liu. “Endothelial Function and Cardiovascular Risk” Presented at 5th ICCP conference, Beijing, China, (10/9/2009 – 10/12/2009).
3. **Phillips S.A.** Invited symposium speaker on “Microcirculation, Blood Pressure, and Physical Exercise.” at the 2nd International Symposium on Hypertension: Translational Medicine in Hypertension Meeting, Osijek, Croatia (11/18/2010 – 11/21/2010).
4. Clark J.D., C.A. Courtney, M.K. Barrack, **S.A. Phillips**. Presentation on “The relationship between altered nociception and cardiovascular dysfunction following ACL rupture” at the International Federation of Orthopedic Manipulative Physical Therapists. World Congress of Manual/Musculoskeletal Physiotherapy. Quebec City, Canada (9/30/2012 – 10/5/2012).
5. **Phillips S.A.** Invited international speaker on “Vascular Dysfunction and Exercise.” At Congress of Croatian Physiological Society and Regional Physiological Society. Rijeka, Croatia (09/13/2013 – 09/15/2013). *Member International Organizing Board.
6. **Phillips S.A.** Invited speaker on “Acute and Chronic Effects of Physical Exercise on Peripheral Vascular Function.” at XVII International Symposium of Cardiopulmonary Physiotherapy and Intensive Care Physiotherapy. Salvador, Brazil (09/04/2014).
7. **Phillips S.A.** Invited speaker on “Clinical Implications of Diet and Exercise on Microvascular Function.” at XVII International Symposium of Cardiopulmonary Physiotherapy and Intensive Care Physiotherapy. Salvador, Brazil (09/05/2014).
8. **Phillips S.A.** Invited speaker on “Exercise, Diet, and Vasodilator Function in the Microcirculation” at the Total Cardiology Symposium. Calgary, Canada (09/24/2014).
9. **Phillips S.A.** Invited speaker on “Lifestyle Implications and Microvascular Function in Obesity” at Cardiology Grand Rounds, University of Calgary, Calgary, Canada (9/30/2014).
10. **Phillips S.A.** Invited speaker on “Lifestyle Interventions and Hydrogen Peroxide: Implications for Cardiometabolic Disease” at the Department of Pharmacology, Faculty of Medicine, University of Sao Paulo, Ribeirão Preto, SP, Brazil (03/19/2015).
11. **Phillips S.A.** Invited workshop on “Cardiovascular Biomarkers and Risk Measurement Tools for Research and Rehabilitation” at the Department of Physiotherapy, Federal University of Sao Carlos, Sao Carlos, SP, Brazil (3/23/2015-3/25/2015).
12. **Phillips S.A.** Invited lecture on “Cardiovascular Biomarkers and Risk Measurement Tools for Research and Rehabilitation” at the Society of Cardiology in Sao Paulo, Sao Paulo Brazil (07/13/2015).

January 9, 2017

13. **Phillips S.A.** Invited lecture on “Evaluating Endothelial Function: Applications for Clinical Practice” at the Congress of the Society of Cardiology of Sao Paulo, Sao Paulo, Brazil. (05/27/2016).
14. **Phillips S.A.** Invited lecture on “Cardiac Rehabilitation and Exercise Prescription for Primary and Secondary Prevention” at the Congress of the Society of Cardiology of Sao Paulo, Sao Paulo, Brazil. (05/27/2016).
15. **Phillips S.A.** Invited workshop on “Cardiovascular Biomarkers and Risk Measurement Tools for Research and Rehabilitation” at the Department of Physiotherapy, Federal University of Sao Carlos, Sao Carlos, SP, Brazil (6/1/2016).
16. **Phillips S.A.** Invited speaker on “Exercise Interventions and Peripheral Arterial Function: Implications for Cardiometabolic Disease” XVIII International Symposium of Cardiopulmonary Physiotherapy and Intensive Care Physiotherapy; Congress of Brazilian Cardiovascular Physical Therapy. Belo Horizonte, MG, Brazil. (06/08/2016).
17. **Phillips S.A.** Invited speaker on “Peripheral Vascular Biomarkers in Cardiac Rehabilitation and Practice” XVIII International Symposium of Cardiopulmonary Physiotherapy and Intensive Care Physiotherapy; Congress of Brazilian Cardiovascular Physical Therapy. Belo Horizonte, MG, Brazil. (06/10/2016).
18. **Phillips S.A.** Invited speaker on “Interprofessional Education and Cardiac Rehabilitation Programs.” International symposium on Innovative Experiences in Cardiac Rehabilitation Programs. XVIII International Symposium of Cardiopulmonary Physiotherapy and Intensive Care Physiotherapy; Congress of Brazilian Cardiovascular Physical Therapy. Belo Horizonte, MG, Brazil. (06/10/2016).
19. **Phillips S.A.** Invited lecture on “Endothelial Dysfunction in Health and Disease: Implications for Exercise.” At the Department of Physiology, Federal University of Sao Carlos, Sao Paulo, Brazil. (12/05/2016).
20. **Phillips S.A.** Invited lecture on “Endothelial Dysfunction in Health and Disease: Implications for Exercise.” At the Department of Cardiology, University of Sao Paulo, Ribeiro Preto, Brazil. (12/06/2016).
21. **Phillips S.A.** Invited lecture on “Exercise and Weight Loss Uncovers Novel Vasodilator Mechanisms in Human Microcirculation.” At the Department of Pharmacology, School of Medicine, University of Sao Paulo, Ribeiro Preto, Brazil. (12/09/2016).

National

1. **Phillips S.A.** “Exercise, Oxidative Stress and Endothelial Function in Humans.” at the American College of Sports Medicine: Integrative Physiology of Exercise Meeting, Indianapolis, IN, (9/28/2006-9/31/2006).
2. **Phillips S.A.** “The Effects of Acute Exertion on Human Endothelial Function.” at Experimental Biology, San Diego, CA, (4/9/2008).
3. **Phillips S.A.**, “Obtaining a Mentored Award: An Awardees Perspective.” at the American College of Sports Medicine, Seattle, WA, 2009.
4. **Phillips S.A.** “Submitting an R01 Proposal.” at the NIH National Heart, Lung, and Blood Institute Clinical (K23) Awardees Meeting: Planning for Independence, Washington, DC, 2011.
5. Martino S and **S.A. Phillips**, Invited pre-conference course on “Assessment and treatment of the obese patient across the lifespan: The role of physical therapy” at the Combined Sections meeting of the APTA, San Diego, CA. January 21, 2013.

6. Martino S. and S.A. Phillips, Course on “Evidence Based Practice for the Prevention and Treatment of Cardiovascular Disease across the Lifespan” at the American Congress of Rehabilitation Medicine, Dallas, TX, 2015.
7. Martino S. and S.A. Phillips, Lecture on “Evidence Based Practice for the Prevention and Treatment of Cardiovascular Disease across the Lifespan” at the Combined Sections meeting of the APTA, Anaheim, CA, 2016.
8. Phillips S.A. Symposium speaker on “Overview of Health Technologies and Management of Non-communicable, Chronic Disease” at the American Congress on Rehabilitation Medicine, Chicago, IL, 2016.

Invited Seminars and Lectures (Local and National)

1. **Phillips S.A.**, “Effect of Temperature and pH on Skeletal Muscle Fatigue in Rat Soleus Muscle” *Howard Hughes Undergraduate Summer Research Training Seminar*, Marquette University-Biology Department, Milwaukee, WI; 1997.
2. **Phillips S.A.**, “Role of Angiotensin Receptors in Peripheral Vascular Function” in the Department of Physiology, Medical College of Wisconsin, Milwaukee, WI; 2001.
3. **Phillips S.A.**, “The Role of the Angiotensin AT₁ receptor in Altered Reactivity of Skeletal Muscle and Cerebral Resistance Arteries” in the Department of Physiology, Medical College of Wisconsin, Milwaukee, WI; 2002.
4. **Phillips S.A.**, “Angiotensin AT₁ Receptor Activation Maintains the Normal Mechanisms of Vascular Relaxation” in the Department of Physiology, Medical College of Wisconsin, Milwaukee, WI; 2003.
5. **Phillips S.A.**, Invited lecture on “The Renin Angiotensin System Maintains the Normal Mechanisms of Vascular Relaxation” in the School of Veterinary Medicine, University of Wisconsin, Madison, WI; 2003.
6. **Phillips S.A.**, Invited lecture on “Vascular Function in Health and Disease” in the Department of Physical Therapy, University of Illinois at Chicago, Chicago, IL; 2003
7. **Phillips S.A.**, Invited lecture on “The Role of the Renin Angiotensin System in Vascular Disease” in the Department of Physical Therapy, University of Illinois at Chicago, Chicago, IL; 2004.
8. **Phillips S.A.**, Invited lecture on “Vascular Consequences of Obesity and Exercise” in the Department of Human Nutrition, University of Illinois at Chicago, Chicago, IL; 2005.
9. **Phillips S.A.**, Invited lecture on “Vascular Consequences of Diet and Exercise: Oxidative Stress and Human Endothelial Function” University of Wisconsin-Milwaukee in the Department of Human Movement Sciences, Milwaukee, WI; 2007.
10. **Phillips S.A.**, “The Effects of Low Carbohydrate and Low Fat Diets on Vascular Endothelial Function” in the Division of Pulmonary Medicine, Medical College of Wisconsin, Milwaukee, WI; 2007.
11. **Phillips S.A.**, “Oxidative Stress and Human Endothelial Function: Implications of Diet and Exercise” in the Division of Geriatrics, Medical College of Wisconsin, VA Medical Center-Milwaukee, WI; 2007.
12. **Phillips S.A.**, “Oxidative Stress and Human Endothelial Function: Implications of Diet and Exercise” in the Division of Cardiovascular Medicine, Medical College of Wisconsin, Milwaukee, WI; 2007.

13. **Phillips, S.A.**, “Exercise and Vascular Health: Is there Ever too much of a Good Thing?” in the College of Medicine, Clinical and Translational Scholars Program, University of Illinois at Chicago, Chicago, IL; 2007.
14. **Phillips S.A.**, Invited panel discussion on “Overcoming Research Pitfalls” in the UIC School of Public Health, Center for Clinical and Translational Sciences Intensive Summer Program in Clinical and Translational Research, Chicago, IL; 2008.
15. **Phillips, S.A.**, “Oxidative Stress and Human Endothelial Function: Implications for Diet and Exercise” in the Department of Community and Physical Medicine (Division of Physical Therapy), Duke University, Durham, NC, 2008.
16. **Phillips, S.A.**, “Exercise, Diet, and Endothelial Function: Is there Ever too Much of a Good Thing?” in the Department of Physical Therapy, University of Illinois at Chicago, Chicago, IL 2008.
17. **Phillips, S.A.**, “Writing for the Reviewer: Strengthening your NIH Mentored K Proposal” in Office of the Vice Chancellor for Research, University of Illinois at Chicago, Chicago, IL, 2008.
18. **Phillips, S.A.**, “Effects of Exercise and Diet on Macro- and Micro- Vascular Function: Mechanisms and Implications.” In the Department of Kinesiology, Cardiovascular Seminar Series, University of Illinois at Urbana-Champaign, Urbana, IL, September 18, 2009.
19. **Phillips, S.A.**, “The Effects of Exercise on Macro- and Micro- Vascular Endothelium” in the College of Medicine, Grand Rounds, Division of Metabolism and Endocrinology, University of Illinois at Chicago, Chicago, IL, 2009.
20. **Phillips, S.A.**, Moderator of the Career Development Session entitled, “Writing for the Reviewer: Strengthening your NIH Mentored K Proposal” in the Office of the Vice Chancellor for Research, University of Illinois at Chicago, Chicago, IL, 2009.
21. **Phillips S.A.**, Wound Healing Seminar Series Lecture entitled, “Exercise and Vascular Endothelium: Role of Reactive Oxygen Species.” In the Center for Wound Healing and Tissue Regeneration, College of Dentistry, University of Illinois at Chicago, Chicago, IL October 15, 2009.
22. **Phillips S.A.**, “Exercise and Diet for Macro- and Micro- Vascular Function: Mechanisms and Implications.” In the Department of Kinesiology and Nutrition Seminar Series, University of Illinois at Chicago, Chicago, IL, October 16, 2009.
23. **Phillips S.A.**, Exercise, “Diet, and Human Endothelial Function: Mechanisms and Implication.” Invited presentation in the Department of Cellular and Integrative Physiology, Indiana University School of Medicine, Indianapolis, IN, March 9, 2010.
24. **Phillips S.A.**, “Exercise, Diet, and Human Endothelial Function: Mechanisms and Implications” in the Department of Pathology Seminar, University of Illinois at Chicago, College of Medicine, Chicago, IL September 18, 2011.
25. **Phillips S.A.** and Corcos D., “Optimizing the Grant Submission and Resubmission Process” in the Department of Physical Therapy, University of Illinois at Chicago, Chicago, IL September 23, 2011.
26. **Phillips S.A.**, Invited lecture on “Impact of Exercise and Diet on Vascular Function: Mechanisms and Implications” in the Department of Physical Therapy. University of Alabama-Birmingham, Birmingham, AL. 2012
27. **Phillips S.A.**, Invited lecture on “Impact of Exercise and Diet on Vascular Function: Mechanisms and Implications” in the Division of Physical Therapy, Department of Physical Medicine and Rehabilitation, Medical School, University of Minnesota, Minneapolis, MN. 2012.
28. **Phillips S.A.**, Invited lecture on “Hydrogen Peroxide and Vasodilator Plasticity in the Microcirculation” AHS College Researcher of the Year Award lecture, University of Illinois at Chicago, Chicago, IL 2013.

29. **Phillips S.A.**, Invited speaker on “The Importance of Physical Activity for Vascular Health” American Heart Association-Global Congress on Exercise, Scientific Sessions, Dallas, TX 2013.
30. **Phillips S.A.**, Invited speaker on “Midlife Adulthood: Interventions to Promote Physical Activity in Overweight and Obese Adults” American Heart Association-Global Congress on Exercise, Scientific Sessions, Dallas, TX 2013.
31. **Phillips S.A.**, Invited speaker on “Exercise and Vascular Endothelial Function” at the American Heart Association Scientific Session, Chicago, IL. 2014.
32. **Phillips S.A.**, Invited speaker on “Exercise, Diet, and Vasodilator Plasticity in the Microcirculation” at Texas A&M University, College Station, TX. 2014.
33. **Phillips S.A.**, Invited speaker on “Basics of Preparing and Writing a Winning Early Career Grant Application” at the University of Illinois at Chicago Post-doctoral Association Seminar, Chicago, 2015.
34. **Phillips S.A.**, Invited lecture on “Introduction to Writing Effective Specific Aims.” at the University of Illinois at Chicago Future in Science Seminar, Chicago, 2016.
35. **Phillips S.A.** Invited Health and Rehabilitation Science Graduate Student Seminar Speaker on “Exercise, Diet and the Mechanisms of Vasodilator Function: Translational Mechanisms” for Cardiovascular Disease, Stony Brook University and Medical Center, Stony Brook, NY. 2016.
36. **Phillips S.A.** Invited seminar on “Exercise, Diet, and the Mechanisms of Human Arterial Function” for the Cardiovascular Center, Medical College of Wisconsin, Milwaukee, WI. 2016.
37. **Phillips S.A.** Invited seminar on “Exercise Interventions and Arterial Function Testing in Cardiac Rehabilitation Research and Practice” for the Department of Physical Therapy, Marquette University, Milwaukee, WI. 2016.
38. **Phillips S.A.** Invited seminar on “Exercise and Weight Loss Uncovers Novel Vasodilator Mechanisms in the Microcirculation” for the Department of Bioengineering, University of Texas at Arlington, Arlington, TX. 2016.
39. **Phillips S.A.** Invited speaker on “Effect of Exercise and Shear Stress on Vascular Mitochondria” at Symposium on Mitochondrial Redox Signaling and Vascular Function in Health and Disease, American Heart Association Scientific Session, Chicago, IL. 2016.

PEER REVIEWED WORKSHOPS/PRESENTATIONS:

National

1. **Phillips, S.A.** and J.C. Frisbee. “Superoxide Scavengers Restore Impaired Vasodilator Reactivity in Obese Zucker Rats” at Experimental Biology 2004, Washington, D.C., 2004.
2. **Phillips, S.A.** Kulinski J.P., Syed A.Q., Syed A., Pleuss J., Jurva J.W., D.D. Gutterman. “Do Low Fat and Low Carbohydrate Diets Show Similar Improvement in Endothelial Function?” at Experimental Biology 2006, San Francisco, CA, 2006.
3. **Phillips, S.A.** “Chronic Exercise Protects against Macro- and Micro- vascular Endothelial Dysfunction Induced by Acute Hypertension during Exertion” at American Heart Association Scientific Sessions 2007, Orlando, FA, 2007.
4. **Phillips, S.A.** “The Effects of Acute Exertion on Human Endothelial Function” at Experimental Biology 2008, San Diego, CA, 2008.

5. **Phillips, S.A.** “Reduced leptin and resistin and increased adiponectin are associated with improved endothelial function during weight loss with low fat compared to low carbohydrate diets” at Experimental Biology 2010, Anaheim, CA, 2010.
6. **Phillips S.A.** and Vuckovic K. Invited presentation on “Research on Exercise Interventions on Peripheral Vascular Health in Patients with Heart Failure: Methods and Clinical Implications,” at the American Physical Therapy Association meeting, Bar Harbor, MD, 2011.
7. Franklin N.C., M. Ali, M. Goslawski, **S. A. Phillips**. Reduced Brachial Artery Smooth Muscle Function after Acute Exhaustive Resistance Exercise in Obesity. *APTA Combined Sections Meeting* (platform presentation). Chicago, IL. 2012.
8. Szczurek M., J.T. Bian, C. Ranieri, I. Grizelj, A. Cavka, A. Robinson, **S.A. Phillips**. Hypocaloric, but not Isocaloric, Low Fat Diets Improve in Microvascular Nitric Oxide Dependent Vasodilator Responses, American Heart Association Scientific Sessions, Dallas, TX, 2013.

Regional

1. **Phillips S.A.** and J.H. Lombard, Presentation on “Impairment of Hypoxia Induced Dilation of Skeletal Muscle Resistance Arteries in Losartan Treated Rats” at Midwest Physiological Society 2001, University of Wisconsin, Madison, WI.
2. **Phillips, S.A.**, Syed AQ, Syed A, Pleuss J, Jurva JW, DD Gutterman. Oral presentation on “The Acute Effect of Weight Lifting on Vascular Endothelial Function.” at the Iowa Physiological Society Annual Meeting, West Branch, IA. 2005.

TEACHING ACTIVITIES AND PROGRAMMATIC DEVELOPMENT:

Medical School Education

- | | |
|-------------------|--|
| 01/2002 – 05/2004 | Laboratory Instructor, M1 <i>Medical Physiology</i> Course Department of Physiology, Sessions: skeletal muscle physiology, exercise physiology, circulatory control. |
| 05/2005 – present | MCW/Medical Student Summer Research Program (Research Mentor)
Medical Student Honors Thesis Advisor |

Resident and Fellow Education-Medical College of Wisconsin and UIC

- | | |
|-------------|---|
| 2006 – 2009 | Supervisor, Resident and Fellows Clinical Research
During Research Rotation Months in Cardiology, Pediatric Endocrinology, and Surgery <ul style="list-style-type: none">• 1-2 students/month + 3-4 fellows/month• On-going guidance re: research design, IRB, procurement of resources/funding, subject recruitment, data analysis and reporting |
| 2006 - 2007 | Lecturer, “Translational Research Opportunities in Cardiovascular Medicine”
Cardiology Fellowship Program: Core Cardiology Curriculum, Department of Medicine |

January 9, 2017

- 01/2008 – present Lecturer, Division of Metabolism and Endocrinology
Endocrinology Fellowship Program
Department of Medicine
University of Illinois at Chicago
- 08/2010 – present Faculty Research Mentor, Division of Metabolism and Endocrinology
Fellowship Program
Department of Medicine
University of Illinois at Chicago

Graduate Student Education

- 2006 – 2007 Invited Lecturer, “Regulation of Vascular Health during Exercise and
Weight Loss”
MCW; Population Health and Epidemiology Seminar Series. Division of
Epidemiology.
- 2009 Invited Panel Member, “Career Development Training and Mentoring
Plans”
K30 program, HPA 590: Grant Writing
Institute for Health and Research Policy
University of Illinois at Chicago
- 2009- present Preliminary/Dissertation Examination Committee
PhD program in Kinesiology, Nutrition, and Rehabilitation
Graduate College, University of Illinois at Chicago
- 2009– present Preliminary/Dissertation Defense Examination Committee
PhD program in Nursing, Department of Biobehavioral Sciences, College
of Nursing, University of Illinois at Chicago

OTHER TEACHING EXPERIENCE

Marquette University

- 07/2001 – 06/2006 Laboratory instructor, Department of Physical Therapy
Course Title **Physiology of Activity**
Laboratory Teaching: ○ Exercise Testing and Assessment
 ○ Cardiac Output and Hemodynamic testing
 ○ Nutrition Analysis and Anthropometric testing
- 07/2001 – 07/2004 Invited Lecturer, Department of Physical Therapy
Course Title: **Physical Agents and Wound Healing.**
Lectures: ○ Growth Factors: Implications for Wound Healing
 ○ Hyperbaric Oxygen and Vacuum Assisted Closure in
 Wound Healing
 ○ Inflammation and the Healing Response
 ○ Nutrition and Wound Healing

- 05/2001 to 05/2003 Lecturer, Department of Physical Therapy
 Course Title: Human Physiology, Health Career Opportunity Program
 Lectures Taught: Basic concepts for neurological, muscle, lung, kidney, and cardiovascular physiology
- 08/2002 – 08/2002 Lecturer, Course Director
 Course Title: **Pathophysiology in Acute Care and Medicine**
 Lectures: ○ Basic Pharmacology and Implications for Rehabilitation
 ○ Physiological Basis of Trauma and Shock Medicine
 ○ Cardiovascular Disease Pathology
 ○ Disease Pathogenesis affecting Multiple Systems
 ○ Pathology of Arthritis and Rheumatoid Conditions
 ○ Oncology and Immunology: Concepts for Rehabilitation
 ○ Diabetes and Diabetic Complications
- 01/2003 – 05/2003 Lecturer and Course Director; Graduate School of Nursing
 Course Title: **Physiological Concepts for Advanced Nursing Practice**
 Lectures: Advanced topics in each of the following major units:
 Cellular Physiology, Cardiovascular Physiology,
 Respiratory Physiology, Renal Physiology, Endocrine
 Physiology, Gastrointestinal Physiology, Reproductive
 Physiology, Hematology, Immunology, Inflammation and
 Wound Healing
- 08/2003 – 12/2003 Lecturer and Co-course director, Department of Physical
 Therapy
 Course Title: **Medicine and Surgery: Rehabilitation**
 Lectures: ○ Exercise and Disease Management
 ○ Obesity and Kidney Disease
 ○ Cardiovascular and Pulmonary Disease
 ○ Peripheral Vascular Disease and Diabetes
- 04/2006 Invited Lecture, Department of Physical Therapy
 Course Title: **Pathophysiology**
 Lecture: ○ Physiology of pregnancy and implications for exercise

University of Illinois, Chicago

- 05/2004 - 2015 Instructor and Course Director, Department of Physical
 Therapy
 Course Title: **Cardiopulmonary Dysfunction**
 Lectures: Cardiac and Pulmonary Physiology and Pathology
 ○ Metabolism and Physiological Responses to Trauma
 ○ Physiological Responses to Exercise
 ○ Pathophysiology of Inactivity
 ○ Cardiac Measures and Basic ECG
 ○ Cardiac Assessment: Heart Sounds and Exercise
 Testing
 ○ Obesity: Physical Therapy Implications

- Cardiac and Pulmonary Rehabilitation
 - Pulmonary Physical Therapy Assessment
 - Cardiovascular and Pulmonary Pharmacology
- 09/2006 - present Invited Lecturer, Department of Physical Therapy
- Course Title:* **Applied Pathophysiology**
- Lectures:*
 - Exercise Implications and Diabetes
 - Exercise implications during renal, hepatic, and GI disease
- 01/2008 – present Instructor and Director, Department of Physical Therapy
- Course Title:* **Independent Study in Physical Therapy**
- Lectures and Instruction:*
 - Laboratory Methods in Vascular Biology, Exercise, and Nutrition
- 02/2008 Guest Instructor, College of Nursing
- Course Title:* **Laboratory Methods in Nursing**
- Lectures:*
 - Vascular Biology Methods
- 08/2008 – present Course Director and Instructor
- Course Title:* **Special Topics in Physical Therapy: Current Concepts in Vascular Biology**
- Topics:*
 - Vascular Biology Research
- 09/2008 Invited Lecturer, College of Nursing
- Course Title:* **Stress and Health Outcomes**
- Lectures:*
 - Exercise Hypertension and Vascular Function
- 03/2009, 03/2011 Invited Lecturer, Department of Kinesiology and Nutrition
- Course Title:* **Nutrition, Physiological Aspects**
- Lectures:*
 - Nutrition and Vascular Biology
- 04/2009, 3/2012 Invited Lecturer, Department of Kinesiology and Nutrition
- Course Title:* **Exercise Biology in Health and Disease**
- Lectures:*
 - Vascular Injury and Repair
- 09/2009 – present Invited Lecturer, Department of Physical Therapy
- Course Title:* **Introduction to Physical Therapy**
- Lectures:*
 - Vital Signs
- 2010, 2012, 2014, 2016 Course Director and Instructor
- Course Title* **Advances in Rehabilitation Sciences II**
- Lectures*
 - Overview of Inflammation: Impact on Injury and Cardiovascular
 - Cardiovascular and Pulmonary Physiology of Rehabilitation
- 01/2015 – 05/2015 HPA 590; Course director and instructor, Center for Clinical and Translational Sciences, School of Public Health, College of Medicine, UIC
- Course Title:* **Grant Writing for New Investigators**
- Designed and Directed a practical Grant Writing course for Clinical Research Scholars, Fellows and Junior Faculty

STUDENTS, FACULTY, RESIDENTS AND CLINICAL/RESEARCH FELLOWS MENTORED:

Undergraduate

- 08/2007 – 09/2009 Elise Kasper, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition (Class of 2009)
- Mentorship Role:* • Advanced research and independent study
- 01/2009 – 05/2010 Tselmeg Ulziibay, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition (Class of 2009)
- Mentorship Role:* • Advanced research and independent study
- 01/2010 – 12/2012 Mary Szcuzek, UIC College of Liberal Arts and Sciences, Department of Biological Sciences
- Mentorship Role:* • Advanced research and independent study
• Honors college capstone supervisor
• Project Title: The Effects of Saturated Fat and Alcohol Consumption on Flow-Mediated Dilation of the Brachial Artery in Young Adults
- 01/2011 – 05/2011 Andrew Skoirchet, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition (Class of 2012)
- Mentorship Role:* • Advanced undergraduate research and independent study (PT 596: Independent Study) on exercise in chronic kidney disease
- 01/2011 – 05/2011 Ronny Harag, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition (Class of 2012)
- Mentorship Role:* • Advanced undergraduate research and independent study (KN 396: Independent Study in Kinesiology) on protein supplementation and exercise in dialysis patients
- 01/2011 – 05/2012 Edita Norkeviciute, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition
- Mentorship Role:* • Advanced undergraduate research and independent study (KN 396: Independent Study in Kinesiology) on resistance exercise training and vascular function.
- 01/2011 – 12/2011 Zahra Walji, UIC College of Liberal Arts and Sciences, Department of Biological Sciences
- Mentorship Role:* • Advanced undergraduate research mentor and independent study (Bios 399: Independent Study in Research)
• Project title: Combating Atherosclerosis by Inhibiting the Functionality of Heparan Sulfate Proteoglycans
- 02/2011 – 2013 Daria Shor, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition
- Mentorship Role:* • Advanced undergraduate research mentor and independent study; Capstone project mentor
• Project title: Evaluating the amount of change in macronutrient intake as a predictor of subject compliance within a dietary study

- 10/2011 – present
 - Results presented at the 2012 Kinesiology and Nutrition Symposium (Spring)Gordon Marsh, UIC College of Liberal Arts and Sciences, Department of Biological Sciences
- 10/2012 – present
 - Mentorship Role:*
 - Advanced undergraduate research mentorKevin Li, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition
- 10/2012 – present
 - Mentorship Role:*
 - Advanced undergraduate research mentor and independent study
 - Chancellors undergraduate research fellowship
 - UIC student research presentation award
- Master of Science**
- 08/2010 – 08/2012
 - Mentorship Role:*
 - Thesis Chair and Mentor
 - Thesis title: Binge Drinking Impairs Endothelial Function in Young Health SubjectsMelissa Goslawski, UIC College of Applied Health Sciences, Department of Physical Therapy (M.S. in Rehabilitation Sciences).
- 08/2010 – 05/2013
 - Mentorship Role:*
 - Thesis Chair and Mentor
 - Thesis title (tentative): Osteoarthritis, Inflammation, and the Susceptibility to Impaired Vascular FunctionJeff Clark PT, MBA, UIC College of Applied Health Sciences, Department of Physical Therapy (M.S. in Rehabilitation Sciences)
- 01/2011 – 05/2013
 - Mentorship Role:*
 - Research Project co-mentor with Dr. Tim Koh
 - Project title (tentative): Macrophage and lymphocyte infiltration in human perivascular fatSarah Schwab, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition
- 01/2011 – 05/2011
 - Mentorship Role:*
 - Advanced research and independent study (PT 596: Independent Study) on protein supplementation in chronic kidney diseaseErica Weinandy, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition (M.S. Nutrition; Class 2012)
- 01/2011 – 05/2011
 - Mentorship Role:*
 - Graduate assistant and independent study on food and diet design for weight loss and vascular healthChristine Ranieri, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition
- 08/2011 – present
 - Mentorship Role:*
 - M.S. Research project supervisor on resistance exercise training in COPDConnie Casale, UIC College of Applied Health Sciences, Department of Physical Therapy, M.S. Rehabilitation Sciences program
- 07/2011 – 04/2012
 - Mentorship Role:*
 - M.S. Research project supervisor on resistance exercise training in COPDAustin Robinson, UIC College of Applied Health Sciences, Department of Kinesiology and Nutrition

- Mentorship Role:*
- Research project supervisor (KN 496: Special Projects in Kinesiology)
 - Project title: Efficacy of Massage Therapy on Inflammation after Exhaustive Exercise
- 01/2013 – 08/2014 Mary Szczureck, UIC College of Applied Health Sciences, Department of Physical Therapy, M.S. Rehabilitation Sciences program
- Mentorship Role:*
- Thesis Chair, Mentor, Academic Advisor
 - Thesis Title: The Effects of Vitamin D on Microvascular Endothelial Function in Obese Adults
- 08/2013 – 05/2015 Shruti Shinde, UIC College of Applied Health Sciences, Department of Physical Therapy, M.S. Rehabilitation Sciences program
- Mentorship Role:*
- Project Supervisor, Mentor, Academic Advisor
 - Project Title: Exercise and Microvascular Function in Bariatric Patients
- 08/2013 – 05/2015 Po-an Tsai, UIC College of Applied Health Sciences, Department of Physical Therapy, M.S. Rehabilitation Sciences program
- Mentorship Role:*
- Project Supervisor, Mentor and Academic Advisor
 - Shear stress, endothelial cells, and ecSOD expression
- 08/2014 – 08/2016 Saleh Y. Alshammari, UIC College of Applied Health Sciences, Department of Physical Therapy, M.S. Rehabilitation Sciences program
- Mentor, Academic Advisor, and Thesis Supervisor
 - Thesis Title: The Effect of Kinetic Dance Training in Brachial Artery Flow-mediated Dilatation after Chronic Stroke
- 08/2015 – present Crystal Adamos, UIC College of Applied Health Sciences, Department of Physical Therapy, M.S. Rehabilitation Sciences program
- Mentor, Academic Advisor, and Thesis Supervisor
 - Planned Thesis Title: The Effect of potassium channels on flow induced dilation in human microvessels.

**Physical Therapy
Doctoral Students**

- 01/2009 – 05/2011 Jessie Pipal, UIC Doctor of Physical Therapy (Class of 2011)
- Mentorship Role:*
- Advanced research project
 - Research study design and data analysis
- 09/2009 – 05/2012 Patrick McGinty, UIC Doctor of Physical Therapy (Class of 2012)
- Mentorship Role:*
- Advanced research project and data analysis
 - Poster presentation at UIC student forum

- 08/2011 – 05/2013 Mayumi Barack, UIC Doctor of Physical Therapy (Class of 2013)
Mentorship Role:
- Advanced research project and data analysis
 - Independent study (PT 596) on the effects of ACL injury on peripheral vascular function
- 06/2011 – 05/2015 Edita Norkeviciute, UIC Doctor of Physical Therapy (Class of 2015)
Mentorship Role:
- Advanced research and data analysis
 - Project on the effects of massage on blood flow and vascular function after muscle exertion.
 - Co-author on 2 abstracts presented at national conferences
 - Co-author on 2 manuscripts
- 09/2013 – 05/2015 Lauren Neuvoral, UIC Doctor of Physical Therapy (Class of 2015)
Mentorship Role:
- Nutrition, research design and vascular analysis
- 05/2016 – present Michael Durrant, UIC Doctor of Physical Therapy (Class of 2018), Certificate in Clinical Rehabilitation Research and Technology
Mentorship Role
- Vascular Analysis, Regulatory and Clinical Study Design
- 05/2016 - present Taylor Trapp, UIC Doctor of Physical Therapy (Class of 2018), Certificate in Clinical Rehabilitation Research and Technology
Mentorship Role
- Project on Cardiovascular Health Analysis in Dancers
- Medical Students**
- 05/2005 – present Jacquelyn Kulinski (Class of 2008)
Project Title: The effects of low carbohydrate and low fat diets on endothelial function
Mentorship Roles Summer student research mentor
Honors thesis research candidate
Outcome:
- Abstract/Poster Presentation at local Medical Student Research Program
 - Oral presentation at national medical student scientists meeting (Omaha, Nebraska)
- 05/2006 – present Jesse Stringer (Class of 2009)
Project Title: The protective effect of endurance exercise on vascular endothelial health
Mentorship Roles:
- Summer student research mentor
- Outcome:*
- Abstract/Poster presentation at Medical Student Research Program
- 05/2006 – 09/2006 Sarah Lauck (Class of 2009)
Project Title: Sustained effects of exercise-induced hypertension on the endothelium
Mentorship Role:
- Summer student research mentor
- Outcome:*
- Abstract/Poster presentation at Medical Student

- 05/2007 – 09/2007 Research Program
Krupa Patel (Class of 2010)
Project Title: Protective Effect of Exercise against Vascular Endothelial Dysfunction Induced by Oral Glucose and High Fat Load
Mentorship Role: • Summer student research mentor
Outcomes • Abstract/Poster Presentation at Medical Student Research Program
• Funding: National Heart Lung Blood Institute Training Grant (5 T35 HL72483-25)
- 05/2007 – 09/2007 Lindsey Rasmussen (Class of 2010)
Project Title: The Use of Antioxidants to Reduce Tissue Damage from Ischemia-reperfusion Injury in a Swine Model
Mentorship Role: • Summer student research mentor
Outcomes • Abstract/Poster Presentation at Medical Student Research Program
• Funding: National Heart Lung Blood Institute Training Grant (5 T35 HL72483-25)
- 12/2011 – 08/2012 Rasheed A. Sanyaolu (UIC class of 2015)
Project Title: The effects of Binge Drinking on Vascular Reactivity and Function
Mentorship Role: • Summer medical student research project co-mentor with Dr. Mariann Piano (Nursing)
Outcome • Summer Craig Fellowship award funded by the UIC College of Medicine
- Clinical Fellows**
- 11/2005-6/2007 Stacey Gardiner, MD, Cardiology Fellow
Project Title: Vascular effects of oral glucose and high fat loading in athletes
Mentorship Role: • Focused Guidance re: reporting and design for translational research and medicine
- 03/2006 – 5/2007 Ghufan Babar, MD, Pediatric Endocrinology Fellow
Project Title: Prevalence of endothelial dysfunction, increased carotid artery intima-media thickness and biomarkers of vascular inflammation in preadolescents with type 1 diabetes mellitus
Mentorship Role: • Focused guidance in study design and training in translational vascular research technologies
Outcomes: • IRB submission
- 09/2006 – present Jennifer Strande MD, Ph.D., Cardiology Research Fellow
Project Title: Expression and function of protease-activated receptors in human adipose microcirculation
Mentorship Role: • Focused guidance in experimental design of human/translational molecular studies
- 08/2006 – 08/2007 Stephen Lanzarotti, MD, Trauma and Critical Care Fellow
Project Title: The use of antioxidants to reduce tissue damage in ischemia-reperfusion injury
Mentorship Role: • Focused guidance in study design and

- 11/2009 – 05/2010
Project Title: molecular/physiological/biochemical testing
Siddique Abbasi, MD, Cardiology Fellow UIC
Acute Exercise, Heart Failure. and Endothelium
- 8/2010 – 07/2012
Project Title: Avni Vora, MD, Endocrinology, Diabetes, and Metabolism Fellow UIC
Weight loss, lipid metabolism, and endothelial function
- Residents**
- 08/2006 – 05/2007
Project Title: Aaron Perme, MD, Surgery Resident, Medical College of Wisconsin
The effects of ethyl pyruvate upon splanchnic microvascular reactivity and the inflammatory response in a hemorrhagic shock swine model
- Mentorship Role:*
• Guidance and training in molecular and physiological studies on shock and trauma
• Biochemical analysis and study design
- 05/2012 – present
Mentorship Role: Paulina Cruz, MD, Internal Medicine Resident, Advocate Christ Medical Center
• Guidance and training in vascular biology during obesity
• Faculty supervisor and mentor for research rotation requirements in internal medicine
- PhD Students Mentored**
- 01/2007 – 05/2010
Mentorship Role: James Schmidt, PhD, Department of Physiology, Medical College of Wisconsin
• Dissertation Committee Member (external evaluator)
- 01/2008 – 05/2013
Mentorship Role: Karen Vuckovic, RN, APN, UIC College of Nursing
• Applied Health Science Independent Study in Vascular Biology Techniques (PT 595)
• PhD preliminary exam and dissertation committee (Chair: Mariann Piano)
Project: Dyspnea in Heart Failure with a Preserved Ejection Fraction (HF-PEF)
Outcomes: • Manuscript in review
- 08/2008 – 08/2012
Mentorship Role: Nina Franklin, MS, UIC College of Applied Health Sciences
• PhD Advisor and Committee Chair
Project Title: The Effects of Resistance Exercise Training on Vascular Endothelial Dysfunction in Overweight and Obese, Sedentary Adults
Outcomes: • 2 manuscripts in review; 2 manuscripts in preparation
• 7 abstract presentations as co-author
- 2009
Mentorship Role: Dana DiPasquale, MS, Department of Kinesiology and Nutrition, University of Illinois at Chicago
• PhD dissertation Committee Member (Chair: Dr. Tim Koh)

- 2010 – 2013 Surabhi Bhutani, Department of Kinesiology and Nutrition, University of Illinois at Chicago
- Mentorship Role:* • PhD dissertation Committee Member (Chair: Dr. Krista Varady)
- Project:* • Effects of Weight Loss induced by Alternative Day Fasting and Exercise on Cardiac Risk Factors
- 2009- 2013 Monica Klempel, Department of Kinesiology and Nutrition, University of Illinois at Chicago
- Mentorship Role:* • PhD preliminary exam and dissertation committee member (Chair: Dr. Krista Varady)
- Project:* Effects of alternate day fasting, with a low fat versus high fat background diet, on weight loss and coronary heart disease risk reduction in obese adults
- 08/2010 – 05/2016 Mohammed Ali, MD, Department of Physical Therapy, University of Illinois at Chicago, Rehabilitation Track
- Mentorship Role:* • PhD Advisor and Committee Chair
- Project:* Vascular Glycobiology and Oxidative Stress and Endothelial Dysfunction , a Potential Therapeutic Target
- 05/2011 – 10/2013 Joshua Butcher
- Mentorship Role:* • PhD committee external evaluator (West Virginia University; Chair: Dr. Jefferson Frisbee)
- Project:* Regulation of Vascular Tone in Metabolic Syndrome
- 06/2011 – 12/2012 Sambit Mohapatra, Department of Physical Therapy, University of Illinois at Chicago
- Mentorship Role:* • PhD preliminary exam and dissertation committee
- Project:* • Role of Altered Vision and Proprioception in Control of Posture
- 06/2012 – 08/2013 Abbi Lane M.S., Department of Kinesiology and Nutrition, University of Illinois at Chicago
- Mentorship Role:* • PhD preliminary exam and dissertation committee (Chair: Dr. Bo Fernhall)
- Project:* Acute Inflammation and Arterial Load
- 08/2012 – 05/2016 Austin Robinson, M.S., Department of Physical Therapy, UIC, Rehabilitation Track
- Mentorship Role:* • PhD Advisor and Committee Chair
- Project:* • Exercise Training and Microvascular Function in Obesity
- 06/2013 – 05/2015 Rebecca Kappus, Department of Kinesiology and Nutrition, University of Illinois at Chicago, PhD preliminary exam and dissertation committee
- Mentorship Role:* (Chair: Dr. Bo Fernhall)
- Project:* • Racial and Aging Effects of Acute Anti-oxidant Supplementation
- 09/2013 – 05/2016 Kristin Hoddy, Department of Kinesiology and Nutrition, University of Illinois at Chicago
- Mentorship Role:* • PhD preliminary exam and dissertation committee

- Project:* (Chair: Dr. Krista Vardy)
- 06/2013 – 08/2014 • Alternate Day Fasting and Cardiometabolic Function
Jan Kretzchmar, Department of Kinesiology and Nutrition,
University of Illinois at Chicago
- Mentorship Role* • PhD preliminary exam and dissertation committee
Project: (Chair: Michael Brown)
- 05/2014 – 05/2015 • Race Dependent Effects of Black Cohosh Fractions in
Human Umbilical Endothelial Cells
Chenyi Ling, Department of Kinesiology and Nutrition,
University of Illinois at Chicago
- Mentorship Role* • PhD preliminary exam (Chair: Michael Brown)
- 05/2011 – 09/2015 Ivana Grizelj, Department of Physiology and Immunology,
Osijek Medical School, Croatia
- Mentorship Role:* • PhD dissertation committee (external evaluator)
- Project:* • Mechanisms of Microvascular Dysfunction in Bariatric
Patients
- 08/2013-present Sang Joon Ahn, Department of Bioengineering, University
of Illinois at Chicago
- Mentorship Role:* • PhD preliminary exam and committee member (Chair:
Irena Levitan)
- 08/2014 – present • Kir channels and flow induced dilation
Ahmad Sabbahi PT, MS. Department of Physical Therapy,
UIC, Rehabilitation Track
- Mentorship Role:* • PhD Advisor and supervisor
- 08/2015 – present Richard Severin PT, Department of Physical Therapy, UIC,
PhD in Rehabilitation
- Mentorship Role:* • PhD Advisor and supervisor
- 09/2015 – present Adriana Mazzuco Bonaca PT, Department of
Physiotherapy, Federal University of Sao Carlos, Sao Paulo,
Brazil
- Mentorship Role:* • Research Supervisor at UIC; Funded Research
Scholarship for US collaboration
- 03/2014 to present • Project on vascular analysis and exercise training in
COPD and obesity
- 03/2014 to present Flavia Caruso PT, PhD, Department of Physiotherapy,
Federal University of Sao Carlos, Sao Paulo, Brazil
- Research supervisor for 1 month scholarship at UIC
- Research mentor on vascular ultrasound for cardiac
rehabilitation research project

BIBLIOGRAPHY

A. Theses:

1. **Phillips S.A.** Chronic AT₁ receptor blockade impairs mechanisms of vascular reactivity in skeletal muscle. Ph.D. Dissertation. Medical College of Wisconsin, 2004.

B. Manuscripts:

1. Lombard J.H., F.A. Sylvester, **S.A. Phillips**, J.C. Frisbee. High-salt diet impairs vascular relaxation mechanisms in rat middle cerebral arteries. *Am J Physiol Heart Circ Physiol*. 284: H1124-33. 2002.
2. **Phillips S.A.**, E.B. Olson, B.J. Morgan, and J.H. Lombard. Chronic intermittent hypoxia impairs endothelium-dependent dilation in rat cerebral and skeletal muscle resistance arteries. *Am J Physiol Heart Circ Physiol* 286: H388-93. 2004.
3. **Phillips SA**, Drenjancevic-Peric I, Frisbee JC, Lombard JH. Chronic AT1 receptor blockade alters the mechanisms mediating responses to hypoxia in rat skeletal muscle resistance arteries. *Am J Physiol Heart Circ Physiol* 287: H545-52. 2004
4. **Phillips S.A.**, F. A. Sylvester, J.C. Frisbee. Oxidant Stress and Constrictor Reactivity impair cerebral artery dilation in obese zucker rats. *Am J Physiol Regul Integr Comp Physiol* 288: R522-R539. 2005.
5. Drenjancevic-Peric I, **S.A. Phillips**, and J.H. Lombard. Restoration of Normal Vascular Relaxation Mechanisms in Cerebral Arteries by Chromosomal Substitution in Consomic SS.13^{BN} rats. *Am J Physiol Hear Circ Physiol* 289: H188-H195. 2005.
6. Hatoum O.A., D.G. Binion, **S.A. Phillips**, C. O'Loughlin, R.A. Komorowski, D. D. Gutterman, M.F. Otterson. Case report: Radiation induced small bowel diaphragmatic "web" formation is associated with acquired microvascular dysfunction. *Gut* 54. 1797-1800. 2005.
7. Basile D.P., D.L. Donohoe, **S.A. Phillips**, J.C. Frisbee. Enhanced skeletal muscle arteriolar reactivity to angiotensin II following recovery from ischemic acute renal failure. *Am J Physiol Regul Integr Comp Physiol* 289. R1770-R1776. 2005.
8. **Phillips S.A.** and J.H. Lombard. AT1 receptor blockade impairs mechanisms mediating hypoxic dilation in middle cerebral arteries. *J Cardiovasc Pharm*. 46. 2005.
9. **Phillips S.A.**, E.B. Olson, B.J. Morgan, and J.H. Lombard. Chronic Intermittent Hypoxia alters vasoconstrictor reactivity and mechanics in skeletal muscle arteries. *J Appl Phys* 100. 1117-1123. 2006.
